# WORKING FOR GOLD.

The Secretary of the Treasury Visits the Capitol to Fight Silver.

CARLISLE WEARS A WORRIED LOOK

Representative Turner Defends Col. Blount and the Administration.

MR CABANISS DOES NOT GET A CHANCE

Old Members Took Up All the Time Allowed for Speaking-Senators Mean to Pass the Tariff Bill Promptly.

Washington, January 6 .- (Special.) -- Secretary Carlisle was at the capitol this morning. He came for the purpose of putting his oars into the contest over Mr. Bland's bill to coin the seigniorage of silver in the treasury. Mr. Carlisle visited the committee room of the judiciary and there he had a conference with Mr. Bland, Chairman Culberson, of the committee, and others. He incidentally announced that he was not opposed to coinage of the seigniorage, but did oppose that clause in the bill which says the secretary of the treasury shall issue imme-Mately \$55,156,684 of silver certificates, and argue, that it- might not be necessary to issue so many at once. Mr. Carlisle is really opposed to silver. He prefers, if it is forced upon him, to coin the silver as ceruncates are issued and not to issue certifirates faster than the coinage can be made. Mr. Carlisle at heart wants some provision made by which the silver certificates, and in fact all silver coin, shall be redeemable in gold. In other words he is a single standard gold man, and he wants all legislation to point in that direction. The silver men understand this and they will make their ight accordingly. They say what is the use in issuing silver notes if they are redeemable in gold? The government had just as well issue paper money. Sliver is useless as a money if it should be redeemed in gold.

A Goldbug's Count.

The bill may come up in the house tomorrow. Mr. Tracy, of New York, will represent the administration on the gold side. e claims to have made a poll of the house and claims that there are ten majority against Mr. Bland's bin. Mr. Tracy's poli, however, consists in his standing down in "bull pen" of the house, looking over the faces of members and counting them as he thinks their personal appearances would indicate. He adds a little to this by basing the present position upon their position or the repeal of the Sperman law. In doing this he has made a very bad mistake.

Take Georgia, for instance. Mr. Cabaniss nd Mr. Turner voted for the repeal of the herman law, still both of these gentlemen till vote for the seigniorage bill, and in ther delegations all over the country there re many men who will do likewise. Thus, Mr. Tracy's imaginative count amounts to othing. But when the fight opens the friends of the administration will certainly attempt to slip in some sort of amendment looking to a single gold standard. It is presumed that the average member will have his eyes open and that no such coupe can be perpetrated upon the house.

In connection with Secretary Carlisle's visit to the capitol today and consultation with Mr. Bland on the coinage of the seignrage, a queer story was in circulation. It was to the effect that last summer Secre-tary Carlisle had given orders for the coinage of the silver seigniorage, and that \$40,000 of such coinage was actually com-pleted at the San Francisco mint, when the nage was stopped, after running about wo days, by direct orders of President

Not Far Distant

The Star has the following this afternoon: "The re-establishment of the military department of the south, with headquarters at Atlanta, Ga., already referred to in The Star, is thought to be one of the probabilities of the near future. The southern senators and representatives are earnestly advocating the proposition. They have secured the endorsement of Secretary Lamont and General Schofield, and now need only the approval of the president to put the plan into effect. Many army officers believe that the establishment of a department of the south would result in increased interest on the part of southern members of congress in the welfare of the military service. Representative Livingston, of Georgia, in speaking of the subject said that there was little or no doubt that the proposition would become an accomplished fact when General Howard retires, in whose command, the department of the east, is now included the reographical division out of which it is intended to make the department of the south. It is not thought proper to decrease the size or importance of General Howard's command while he is on the active list." General Howard retires November 8, 1894.

Mr. Turner Upholds Mr. Blount. discussion over the Hawaiian affair ended in the house today and a vote was taken late this afternoon. The republicans, however, refused to vote and called no quorum. As but 160 democratic members were nt-not a quorum-the house could take no action. These 160 polled for the Mc-Creary resolution. An order was passed revoking all leaves of absence and the house then adjourned. It is presumed that a quorum of democrats will appear tomorrow. Telegrams nave been sent to all sections of the country calling on absent members to

During the debate today, Mr. Turner, of Georgia, delivered one of the strongest speeches which has yet been heard on the Hawaiian question. His speech was principally a defense or explanation of Mr. Blount's position. He defended the Georgian from the assaults which have been made upon him by republicans. He paid a high tribute to the ability and integrity of Mr. Blount, defended the president and closing his remarks said that in his heart he applauded and commended the magnanimous course of the president. Mr. Turner's was a strong speech. His manner showed that he was honest in his every word. Though probably the majority of democrats of the house did not at heart agree with him in his commendation of the course of the president, still many of them applauded Mr. Turner's utterances and pronunced it a very strong speech on a rather

Mr. Cabaniss Left Out. Colonel Cabaniss, of Georgia, did not get speak. Almost every old member of the house wanted to make a speech on this subject and the old members simply froze the new-ones out. Mr. Cabaniss, unfortunately being a new member, was among those frozen out and his speech remains undelly-ered. Both he and Mr. Turner could not get in today, therefore Mr. Cabaniss stood aside, to to speak.

Propose to Act Promptly.

The senate finance committee met this morning to take up the tariff bill. It decided that there should be no shaving and it was tactily agreed among the democratic nea bers that the bill could be reported to the senate during the latter part of next week. It was further the expressed opinion of the democratic members that the senate should pass it within three weeks after it was reported. The committee will make few changes in the bill. It will place a small duty on coal. It will probabiy place a duty of 1 cent a pound on all sugars, and it will report the income tax

about as the house passed it. After the meeting of the committee today Senator McPherson, who is one of the few democrats who oppose an income tax, said that he would not fight the report of the committee as to an income tax. He realized that his democratic colleagues were in favor of such and though he was opposed to this tax, he would go with his colleagues. This is received as a practical settlement of the income tax question in the senate. It is taken to mean that the tacome tax will certainly pass that body, With a duty of 1 cent per pound on sugar and the income tax, there will be no doubt whatever about sufficient revenue being raised for the support of the govern-

A Majority of About Ten.

With such a bill there would be no deficit next year. There will be no further need of a bond issue. The government will have all the revenue it needs. ing democratic members of the senate are counting upon a majority of about six votes for the bill. With the proposed duty on sugar the Louisiana men will vote for the bill though it is not as much as they want. The three populists will also vote for it, and it is understood that the income tax will catch Senators Teller and Walcott, of Colorado.

Senators Hill and Murphy, of New York, may vote against the bill on account of an income tax. In the poll they are counted upon as against it but those who know them best do not believe that they have any idea of voting against it. With their votes and the others named, the majority for the bill in the senate will be ten. However, the exact majority is of no consequence. There will be a majority for the bill in the senate. The income tax will go through with the bill and the whole matter should be disposed of within six weeks.

House Leaders Are Determined. An interesting programme has been ar-

ranged for the house after the disposition of the Hawaiian matter. It is a programme that the great mass of people in this country are vitally interested in. It is a programme that will demonstrate to the courtry that Speaker Crisp and the democratic leaders in congress are determined to redeem every pledge in the democratic platform. They are, at least, determined that the party shall have full opportunity to do so and will urge and insist that the party redeem its pledges.

The first thing to come up will be Mr. Bland's bill providing for the coinage of the seigniorage silver in the treasury. This amounts to \$56,000,000 and the passage of a measure providing for its coinage would immediately relieve the treasury of its embarrassment. It would also have a good effect all over the country, for this money would be immediately expended on public buildings, river and harbor improvements, and other internal improvements which have already been provided for. Three or four days will probably be consumed on this matter.

Then the report from the committee on banking and currency relieving banks that issued certificates during the panic from taxation, and the same will be called up and several days set apart for its consider-

Must Vote on the State Bank Tax. Mr. Hall, of Missouri, gave notice to the speaker today that he would offer the bill repealing the state bank tax as an amendment. This has been deemed the best and quickest way to get the state bank bill before the house and have a vote upon it. The democrats of the house occupy a pe culiar position on this question. In response to the direct question, "Are you in favor of the repeal of the 10 per cent tax on state banks?" almost every democrat in the house would answer, "Yes." You will, perhaps, not find five dissenting voices: but democrats differ as to the character of the repeal. About one-half of them are in favor of a simple unconditional repeal of this tax. The other half favor the repeal of this tax, but with certain conditionsconditions that place the issue of currency by state banks under the supervision of fed eral officers. The men who favor repeal with the latter conditions will not vote for unconditional repeal. And the men' who favor unconditional repeal will not vote for this repeal, which places state banks under the supervision of federal officers. In this diversity of things is the great difficulty.

is the question. Right now they are wide and far apart. Daisy Price Wins. C. J. Church was appointed postmaster at Graysville, Paulding county, today. "Daisy" Price will be appointed postmas-

Whether these two factions will be able to

get together on some compromise measure

ter at Macon this week.

Convention of Orange Growers. Jacksonville, Fla., February 6.-A convention of orange growers met at Ocala today sider the depressed condition of ness in Florida, and also the effect of the Wilson bill on fruit. The convention was not largely attended. Speeches were made by ex-Congressman Bullock and other mem-bers in favor of a higher duty on oranges than is fixed in the Wilson bill. Opinio was divided as to whether the law transportation charges had brought about the present depressed condition.

resolutions were adopted in favor of No resolutions were adopted in favor of higher protection, but a committee was appointed to formulate some plan by which the fruit growers might be thoroughly organized and make themselves felt in legislation affecting them, and also by the transportation companies.

To Start Work Monday. Birmingham, Ala., February 6.—(Special.)
The Birmingham Rolling Mill Company signed wage contracts with its operatives today and will begin work on Monday, after a cessation of six months. Between eight hundred and a thousand men will thus be given employment, and there is great rejoicing among the laboring element tonight. One of the furnaces at Calera will also be fired up at once. The trade in the iron discovery the contract of the contrac he expected to make, either yesterday or today. There was a great rush for time to

Peckham's Friends Weaken and Get Another Postponement.

HILL STILL HAS THE UPPER HAND Mr. Cleveland Is Making This His

HIS NOMINEE IS A MUGWUMP

Own Personal Fight.

This Fact Operates Against the New York-er, Who Is Believed to Be as Badly Beaten as Hornblower Was-

Washington, February 6.-(Special.)-The Peckham case has reached a very interesting stage. It looks now very much like the administration will sustain another defeat. It is becoming quite evident that the mugwump know-nothing nominee of the president for justice of the supreme court will not be acceptable to the senate. It had been agreed that the senate committee on judiciary should vote on the case at its special meeting this morning. The meeting was called for that purpose. Senator Hoar, who had been counted on to vote for Peckham, at the last minute announced in committee that he was not prepared to vote for Mr. Peckham's confirmation at present, and he stated that he desired more time to consider the question. The opponents of Peckham wanted to vote then, but the administration senators insisted upon postponing the matter again till next Monday and senatorial courtesy required that it should be done.

Thus the delay in acting upon Peckham is on the part of his supporters and not of his opponents. The majority of the democrats of the committee, as well as a majority of the senate, are at present opposed to Peckham's confirmation. They are opposed to him because he is not a democrat and has never been a regular democrat. He has voted the republican ticket against the democratic ticket in state elections in New York and he is a 'pronounced know-nothing. His confirmation on the part of the senate would undoubtedly work great political injury to the party in the

Danger to the Party.

While Mr. Cleveland insists upon his confirmation and is making it a personal matter with the senators, the majority of the democrats feel that for the good of the party as well as for the good of the supreme bench, Mr. Peckham should not be confirmed. For partisan purposes the republicans would prefer to see him confirmed. It would be a strong campaign card to use against the democrats, but even they believe in the elevation instead of the degradation of the supreme bench, and a majority of them will, therefore, vote against Peckham.

Only Postponing Rejection. If a vote was taken in the senate tomorrow Peckham would undoubtedly be re-The indications are that, however long the vote is postponed, Peckham will be rejected in the end.

Mr. George, of Mississippi, who was said to have been weakening in his opposition, is said to have talked this morning as if he were prepared to vote as he did in the Hornblower case. The opponents of Peck-ham say that if Mr. George or any other senator drops out of the list of anti-Peckham men, there is another ready to step in and fill up the ranks. Mr. Hill is confident that the report will be adverse, and that he can defeat the nomination in the senate.

THE VOTE TOMORROW

On the Federal Elections Bill Repeal in the Senate.

Washington, February 6.—Immediately on the conclusion of the routine morning business the senate resumed consideration of the house bill to repeal the federal election laws and Mr. Hawley, representative from Connecticut, made an argument against it. Mr. Perkins, republican of California made an argument against the bill. It emed to him that those who had spoken favor of its passage had done so from feeling of partisan prejudice.

Where Has Perkins Been? Mr Daniel, democrat, of Virginia, referring to Mr. Perkins's remark that he had heard no reason given why the election laws should be repealed, asked him where he had been living during the last two he had been out of the country that to Mr. Perkins's remark that he had years. Had he been out of the country that he had not read in the newspapers, or read

years. Had he been out of the country that he had not read in the newspapers, or read in congressional debates, that those laws were to be repealed "by the king's command," meaning by "king" the sovereign people of the United States? They had put up their candidates, and given them their instructions. Those candidates had gone before the great jury of the national commonwealth, and had received its orders to repeal those laws.

Mr. Frye, republican, of Maine, opposed the bill and quoted from Richmond, Va., papers the head lines to reports of election frauds in a recent election in that state. He was asked by Mr. Daniel whether federal election laws had anything to do with those frauds. They had, Mr. Frye, declared. The claim had been made that the federal election laws ought to be repealed because the states. "the whole of them." could be trusted to prevent election frauds. He was asked by Mr. Daniel if there never had been election frauds in Maine, and hedenled that there had been, although there had, been an attempt by a democratic governor to steal a legislature. But he had taken the floor, he said, not to make any attack on the state of Virginia, but to defend the character of John I. Davenport, who had been the subject of charges and calumnles in the two houses for the last sixteen or eighteen years.

Mr. Frye yielded at 2:20 o'clock in order to allow a proposition to be made for an extension of time for dehate—several senators having indicated a desire to speak.

After many obstacles, a proposition was agreed to that the general debate on the bill shall close at 3 o'clock p. m. tomorrow and that the vote on the passage shall be taken before adjournment.

Mr. Frye's speech was almost wholly devoted to the purpose he announced, the defense of Davenport.

Senator Harris Speaks. Mr. Harris, democrat, of Tennessee, said that if he were to consult his physical con-dition he should be now in his bed at home, and that nothing short of his appreciation of the importance of the pending question should have induced him to be in the senate chamber today. He went on to discuss the chamber today. He went on to discuss the rise of the federal government from the "Boston tea party" down to the present time. In the course of his historical review, Mr. Harris referred to the opposition made by the commonwealth of Massachusetts in the early days to giving powers to the federal authority. And he expressed his regret that the Massachusetts of the present day did not show the same spirit.

were no pharisees, and if they committed wrong, they did not do it in the name of God and Christianity and civilization. The senator from Maine, when he chose to steal some islands and their people, dropped all his qualms and scruples and was ready to welcome that spurious and muddy transaction. That was the biggest piece of "counting out." The senator from Maine, in the person of Minister Stevens, and with the military at the polls, had counted in 2,000 Americans and counted out the rest of the people of these islands, changed the government and was now ready to offer for sale a government which had been acquired by the ald of that commissioner of election. The senate, Mr. Daniel continued, would be better employed if it was solving some of those problems in finance and currency and taxation which were pressing for solution. The senate should be dealing with them rather than spending hours and days and weeks in resolutions about distinctions, or in picking quarrels about precinct election, whether it be in Virginia, Calfornia, Texas or Maine. (Applause.)

Mr. Frye bad ne had no hesitation in declaring that the only fault connected with the Hawaiian islands was the fault of the president of the United States; that he only harm and wrong done was the harm and wrong committed by the president, and, in his belief, three-fourths of the intelligent people of the United States would endorse that sentiment.

Then Mr. Frye, with one hand in his trousers pocket and a paper in the other hand, leaned carelessly against a desk and addressed his remarks to Mr. Daniel, in regard to elections in Virginia, which remarks to Mr. Daniel took up and replied to—the two senators carrying on, for several minutes, a free and easy colloquy on that subject. The people of Virginia, Mr. Daniel said, would valinly try to please the senator from Maine, so long as they voted the democratic ticket. The senator from Maine, he added with much bitterness of manner, had said that there were no precinct elections frauds in Maine; there they only s

stole legis atures.

"That was a democratic steal," Mr. Frye interposed.

"Oh, of course," Mr. Daniel resumed sarcastically. "Of course it was a democratic steal. The senator never heard of a steal that was not a democratic one."

"That is true," Mr. Frye asserted.

"Perfectly so, and naturally so," said Mr. Daniel. "He is as deaf as the old lady mentioned by Tom Hood, who bought an ear trumpet, and the next day she heard from her husband at Botany bay. (Laughter) The senator never heard of the credit mobilier business. Oh, no; he stuffed a whole cotton counterpane in his ear, so soon as a newsboy ran down the street with his newspapers. He never heard of Indian frauds, or 'star ruote' frauds. He only heard that every republican born is an imp. And I leave the senator in that happy state. He does not need to be translated to another and a better world, in order to enjoy the perfection of happiness. "Where ignorance is bliss, 'tis folly to be wise.' There he is and there he purposes to remain."

In the House.

Washington, February 6.—With very little preliminary the house at 1:10 o'clock took up the consideration of the resolution of the foreign affairs committee, censuring Minister Stevens, and Mr. Outhwaite, of Ohlo, addressed the house.

Turner Defends Blount.

Mr. Turner, of Georgia, defended Mr. Blount from the charge which had been made aginst him, and attacked the provisional government. He was opposed to the policy of territorial extension and drew a lesson from the fact that when Rome entered on a similar policy her power began to decline. Mr. Sickles, democrat, of New York, created a sensation by attacking the presi-

Mr. Sickles, democrat, of New York, created a sensation by attacking the president's policy. He was the first democrat who had not upheld the resolution of the fereign affairs committee. He held that one administration should not constitute itself a court of appeal or review of a preceding administration. (Republican applause.) The question of a provisional government was a "res adjudicata," and he had heard no one propose that that question should be reviewed. He mentioned a number of instances in which it was shown that this country had pursued a policy of annexation. President Polk, in 1847. had negotiated a protectorate over the isthmus of Panama, and that had remained for years. The same thing was done in Nicaragua, when it became probable that a route from the Pacific to the Atlantic would be built there, thus giving the United States control there. In referring to the pending resolution of the foreign affairs committee, he said he could not endorse it, and he would not vote for it. (Republican applause.) He closed his remarks with the prophecy that no matter what might be the action of the house today, it could not plause.) He closed his remarks with the prophecy that no matter what might be the action of the house today, it could not change the decree of destiny that sooner or later the Hawaiian islands would become a part of the United States. (Loud applause on the republican side.)

Mr. DeForest, democrat. of Connecticut, defended the foreign affairs resolution, while Mr. Hepburn, republican, of Iowa, spoke in opposition. spoke in opposition.

Mr. Hooker, of Mississippi, was the last speaker and in a long speech he ably defended the resolution of the foreign affairs

BUSINESS WAS BAD.

Albany Merchants Are Succeeded by the Sheriff.

Albany, Ga., February 6.—(Special.)—Har-ris & Collier, general merchants of this city, were closed by the sheriff last night under a mortgage foreclosure for \$1,500 in favor of the Commercial bank. Their assets are much larger than their liabilities and their fallure was due to poor collections. The R. L. Rachals Furniture Company, of this city, was also closed a night or two since by the sheriff under a rent claim held by R. Hobbs, who, by virtue of a bill of sale, has taken charge of the stock and is disposing of it. Captain T. G. Rust received his commis-

sion as postmaster today, but will not take charge of the office until the 1st of March, at which time B. F. Brimberry, the present epublican postmaster, will step down and

Mattle Clay, the mother of the dead child which was found in Flint rive: two weeks ago, made a confession today in which she stated that she smothered the child in bed, and that then she and the child's father, Matt Pace, took the body and dropped it into the river. The other woman, Laura Ammonds, who was implicated in the crime, was exonerated from any connection with the Clay woman and was released

A LEGAL FARCE

Constables Are Prosecuting a Man Before a Charleston Jury.

Charleston, S. C., February 6.—(Special.)— The Tillman whisky constables called up their star case today. Under the new dispensary law, Mr. Thomas Marks was ar-raigned on the charge made by Chief Gaillard of resisting and threatening a state constable on the occasion of one of their raids on McKay's place in Market street ast week.

Mr. George S. Legare appeared for the

defendant, and asked for a jury trial. A jury was then drawn. Mr. W. Gibbs Whaley, représenting the prosecution, objected to six names and Mr. Legare none. Mr. Whaley also objected to the drawing of talesmen. If any one of the jurymen fails to appear, there will have to be a fails to appear, there will have to be a second drawing. The jury now consists of the following: D. C. Wayne, Jr., of Wayne & Von Kolniz, provision merchants; C. Edward Salenas, of A. J. Saplen & Sons, factors; S. V. Stewart, of C. T. Lowndes & Co., insurance; James Reedy, merchant, King street; George F. Von Kolnitz, Sr., of Wayne & Von Kolnitz; T. P. Mood, salesman, Walker, Evans & Cogswell Company.

well Company.

After the jury was drawn, the trial was postponed until Thursday, February 8th. Negroes as White Caps.

the early days to giving powers to the federal authority. And he expressed his regret that the Massachusetts of the present day did not show the same spirit.

Daniel Criticises Frye.

Mr. Daniel again took the floor and criticised Mr. Frye for picking up newspaper scraps and reading them for partisan pusposes. Whenever that senator, he said, would rise and rebuke persons of his own party, whom others thought worthy of criticism, he (Mr. Daniel) would realize that the senator wos on a plane with the demograts of Virginia. The people of Virginis

## McLAURIN MAKES IT.

Mississippians at Last Elect a Successor to Walthall.

LOWRY AND CAMPBELL WITHDRAW. They Could Not Win and Got Out

JUDGE TAYLOR POLLS A GOOD VOTE

of the Way.

The Successful Men Is an Eminent Lawyer in His State-He Is Forty-Five Years Old.

Jackson, Miss .. February 6 .- The friends of Taylor, Campbell and Lowry held a conference this afternoon to determine which vas the strongest man. After several ballots, Judge Taylor developed the most strength which resulted in the withdrawal

HON. A. G. McLAURIN.

of the names of Lowry and Campbell from the senatorial race. When the caucus met tonight McLaurin and Taylor were the only names presented. The sixty-seventh and last ballot resulted: McLaurin 78, Taylor 62. The nomination by the democratic caucus insures the election of Hon. A. G. McLaurin as United States senator to succeed Wal-

Among the Mississippians of whom the people are justly proud none stand higher than A. G. McLaurin. He was born in Rankin county on the 26th day of March, 1848, and raised on a farm in Smith county. In 1888 he was licensed to practice law, and in the year 1871 he was elected district at-torney of the fifth judicial district. In 1879 he was elected to represent Rankin county in the legislature; in 1879 and in 1888 he was elected one of the electors for Cleveland and Thurman; in 1890 he was sent to repre-sent his native county in the constitutional convention. Mr. McLaurin is of commanding appearance, noted throughout the state for his intellect, and has a reputation as a criminal lawyer, in fact, having been en-gaged in over fifty murder cases. Mr. Mc-Laurin is married and has seven daughters

and one son. ABROGATION DAY CELEBRATED. Hawaiians Have Fireworks and a

Mass Meeting. Honolulu, January 19.—(Copyright, 1894, by the United Press.)—Per Barkentine W. H. Dimond, via San Francisco, February 6.—The observances of abrogation day passed off with perfect good order. The American league raised a new American passed off with perfect good order. The American league raised a new American flag sixty by thirty feet, and the military paraded and a salute was fired at noon. Some of the officers in the ships did not stint their denunciation of Minister Willis. Minister Willis was the only foreign representative who made any reply to the notices sent them of the reception. To avoid the discourtesy of a refusal, they treated the notices as mere notifications—not invitations—and needing no reply. It is learned that they were under general instructions to avoid any offense to the queen, whom President Cleveland had announced his intention of restoring. To have in any way participated in a celebration of her dethronement, would have been an offensive act to her.

Most of the consuls are in earnest sympathy with the provisional government.

All the speakers at the mass meeting pointed to annexation as the goal to be sought. The Bulletin kept its press going on this holiday as usual, and scored the government for its military expense of \$150,000.

PEIXOTO OFFERS PARDON To Insurgents Who Apply for Clemen cy Within Two Months.

Rlo de Janeiro, February 6.—(Copyrighted by the United Press.)—President Pelsoto has offered to pardon privates belonging to the insurgent forces who apply for clemency within two months. During the past three days extraordinary, but unsuccessful, efforts have been made to induce members of the regular army to desert the government and join the insurgents' forces. When it was thought the regulars would turn their arms against the government the insurgent fleet was brought close to the shore in order that a force might be speedily landed to co-operate with the troops. The insurto get the aid of the regular troops failed

FUNERAL OF MR. CHILDS. His Remains Laid in the Drexel

Mausoleum at Woodlawn.
Philadelphia, Pa., February 6.—The renains of George W. Childs were today mains of George W. Childs were today laid at rest in the Drexel mausoleum, in Woodlawn cemetery, beside those of his closest friend and business companion, Anthony J. Drexel, who died but a few months ago. Almost inseparable in life, it was feemed fitting that they should rest together in death, although it was not known that any request to that effect had eve been made by Mr. Childs. been made by Mr. Childs.

A brief service for the family and immediate friends was held at the house before the public services at the church. At its

conclusion those present were given an op-portunity to take a last look at the face f the one they loved.
Then the casket was tenderly borne out

Number of Proxies.

Savannah, Ga., February 6.—(Special.)—Receiver Comer and Mr. George J. Mills left for Macon tonight to attend the Southwestern railroad stockholders' meeting Thursday. They are members of the committee on proxies, which meets tomorrow, Mr. Mills will represent nearly 2,000 shares and Mr. Comer about 3,000, besides the 1,198 to be voted for the Central railroad. A large number of stockholders from Savannah will attend in person and it is believed here that there will be a majority in favor of the Southwestern remaining with the Central.

Old Enemies Fight and One Dies. Old Enemies Fight and One Dies.

Pulaski, Tenn., February 6.—(Special.)—
There was a fatal ending to an old feud near here last night, when Bill Hammond shot Jim Cason. They were old enemies. Hammond claims that Cason and his father-in-law were riding in front of him when Cason came back and began to quarrel with and attacked him with a knife. Hammond then drew a revolver and fired twice, both shots taking effect. Both men were on horseback and both were drinking. There was no arrest. the street to the church, where it was placed on a bier in front of the chance; rail. The services in the church, as well as those at the house, were conducted by Bishop Potter, of New York, assisted by Bishop Whittaker, of Philadelphia; the Rev. Joseph H. Blanchard, rector of St. James church, and Dr. William B. Redwine, rector of the Church of the Savior, which the late Mr. Drexel attended.

MASSEY SEEKS BAIL

He Has Trouble in Finding Somebody to Represent the State.

Newberry, S. C., February 6.—(Special.)— This morning Chief Constable Fant, in company with Constable Massey, arrived here from Spartanburg. Fant had Massey in charge. Massey came here for the purpose of securing bail and being released, he hav-ing been held by the coroner's jury for killing Ballew. It was thought that Solicitor Schumpert was here and that court was in session and that there would be no trouble in securing the desired bail. Upon finding out that Solicitor Schumpert was not in the city, Mr. Fant went to see Justice Pope about the matter and was told by him that he would not entertain an application for bail unless the solicitor was notified of the proposed action or proper notice had been served upon him. He, however, suggested that Walter H. Hunt, Jr., might act for the solicitor in his absence, and the constable went to Mr. Hunt. He consented, in the absence of Solicitor Schumpert, to rep-resent the state in the matter. Then the constables were pupzzled about getting the lawyer to prepare the requisite papers with which to get before Justice Pope on a habeas corpus. Telegrams were sent to the attorney general as to what had better te done, and Chief Constable Fant was advised to secure a lawyer. J. F. Caldwell was first seen about the matter, but advised the constable that he had better be rei resented by some lawyer in sympathy with the law and the system. They then went to see Mr. Thomas S. Sease, who consented to represent them. If the proper papers are all prepared the issue will proba-bly be heard tomorrow by Justice Pope.

HENSON TO BE PROSECUTED.

Brothers of His Victim Are Engaging

Lawyers. Chattanooga, Tenn., February 6.-(Special) Banker Henson, who yesterday so tragically killed J. B. Wert, the despoiler of his famfly, will be vigorously prosecuted by the Wert brothers.

A strong array of legal talent has been engaged by either side and money will not be spared to make it one of the most memorable murder trials in Hamilton county.

Henson will enter a plea of self-defense. At the preliminary hearing morning, an effort will be made to release the prisoner on bond. It is reported that on will write a novel based on his troubles.

GARLINGTON'S CASE.

The Indications Are That the Jury Will Get It Today.

Will Get It Today.

Columbus, Ga., February 6.—(Specia:.)—
The testimony in the Garlington case was concluded this morning. Judge J. M. Mc. Neill opened the argument for the state, and was followed by Mr. J. H. Worrill for the defense. Ex-Solicitor Albert A. Carson next spoke for the prosecution, and Colonel Carey J. Thornton followed Mr. Carson for the defense. At 5 o'clock, the hour for adjournment, Colonel Thornton had not concluded his argument, and the court took a recess untl 7:30 o'c.ock p. mr., when Colonel Thornton resumed his speech. Colonel Thornton spoke for two nours. At the conclusion of Colonel Thornton's argument, the court was adjourned until tomorrow morning at 9 o'clock. The courtroom all day was thronged with visitors, and the speeches were listened of with the greatest interest. Colonel William J. Samford, of Opelika, will make the concluding argument for the defense tomorrow morning, and will be followed by Mr. Lionel C. Levy, who will make the last speech for the prosecution.

The trial of this case has consumed

The trial of this ca Tomorrow afternoon Dan Jones will be put on trial for the murder of his niece. The defendant will be represented by Judge Mark H. Blandford and Judge J. M. McNeill. Solicitor Gilbert has no counsel as-Neill. Solicitor Gilbert has no counsel associated with him in the prosecution.

This afternoon Mr. Cliff Thompson, the
mute who killed his father on Sunday
morning, was released from jai. No proceedings have been taken against him, and
Jailor Reedy had no authority to hold the
young man. It is presumed that the grand
jury will investigate his case when it meets
next week. The young man will be on
nand, as he is anxious that an examination next week. The young man will be on hand, as he is anxious that an examination of the case be made.

SHOT BY A THIEF.

Walstein Fired in the Air but the Robber Took Good Aim. Palm Beach, Fla., January 6.—(Special.) For some time vegetables have been miss-

ed from the Poincianna gardens and lately the depredations have become so frequent that the head gardener has been watching the truck patch. Last night he hailed a thief, who did not stop when called. The gardener then fired a shot in the air, whereupon the thief turned upon Walstein, the gardener, and fired two shots, which passed through his clothing. Neither shot

A Preacher Who Was Drunk Breaks in and Is Arrested.

Nashville, Tenn., February 6.—(Special.)—
During the lecture of Dr. Edward McGlynn

INTERRUPTS DR. McGLYNN.

at the gospel tabernacle last nigh, Rev. C. S. Smith, a prominent colored preacher and manager of the African Methodist Publishing house, who was drunk, rose and interrupted the lecturer by proposing to take the platform and controvert the statement of the lecturer. He refused to sit down, and it took three policemen to remove him. He was locked up for being drunk in a public place, but gave bond later. Smith claims he had a fit.

FROM MINES TO FARMS.

Tennessee's Penitentiary Commission Has About Selected a Farm,

Nashville, Tenn., February 6.—(Special.)— The penitentiary commission has decided to locate the next state prison on the Cocklocate the next state prison on the Cockerill farm, six miles from the public square in this city. The farm is one of the most fertile in the state, has both railroad and river frontage. It contains 1,123 acres and is offered for the \$75,000 appropriated by the legislature for its purchase. The choice had narrowed down to three some time ago, and the selection of this gives the state rounds arounds grounds and one of the prettiest farms anywhere to be seen.

Cutting the Price of Whisky.

Cutting the Price of Whisky.
Columbia, S. C., February 6.—(Special.)—
The state dispensary is evidently feeling the effect of the competition with the blind tigers, and Commissioner Traxler has announced a reduction of 50 cents per gallon on all whiskles.

It appears that Colonel James H. Morrow, the white-haired old horseman, will not be subjected to all the degradation of a convict's life in serving out his commuted sentence of one year in the penitentiary. He has not been committed yet and it is said he will probably be leased to the proprietor of a stock farm in Laurens county to train his stock.

Nominations by the President. Washington, February 6.—The president today sent to the senate the following nominations of postmasters: Alabama, William O. Monroe, Eutaw; Mississippi, Lucy E. Harris, Hazlehurst; Tennessee, L. W. Bates, St. Elmo; D. C. Morris, Morristowa

nate Him Tomorrow.

THREE MEETINGS FOR ONE DAY

Jeffersonians, Republicans and Populists All Will Hold Conventions in Birmingham-An Attempt te Unite Them.

Birmingham, Ala., February 6 .- February 8th promises to be one of the most eventful days in Alabama's political history. All of the anti-democratic forces have been called to meet here at moon on that day to hold their several state conventions. The Jeffersonians will meet in one hall, the popullists in another and the republicans in stil another. A strong-probably a success-ful-effort will be made by leaders in each convention to amalgamate and unite forces against the common enemy-the organized

democracy.

This was the original programme and until recently it was believed there would be no difficulty in carrying it out. However, discord has recently developed. Acting on the advice of McKinley and his friends, a number of the republicans have decided to hold a convention of their own here on Thursday. They say they do not propose to join issues with the populists and bolting democrats, but will fight their own fight, with R. A. Mosely, of Montgomery, or Judge McDuffee, of Lowndes county, as their standard-bearer, thereby keeping the party intact for the national elections.

The "middle of the road" populists" as

they call themselves—those who claim t have no interest in keeping open Cap Kolb's old sores, say, too, that they not be among the ranks of the Kolb lowers. They propose to nominate Hon. Philander Morgan, of Lincoln, Ala., a rmiander Morgan, of Lincoln, Ala., a brother of Senator John T. Morgan, for the governorship. It is stated, moreover, that he will accept the nomination and make the rece

these two circumstanecs come to pass and both the republican and populist vote be divided, Captain Kolb's chances for election will of course be greatly weakened. His friends claim that he can be elected without a single republican or populist vote, but this is not regarded as probable. The Jeffersonians will renominate their old ticket—that with which they made the last campaign. old ticket—that with which they made the last campaign, with the exception that Warren S. Reese, of Montgomery, will be on the slate for attorney general instead of B. K. Collier, who has removed from the state. They will probably pass resolutions favoring abolishing the railroad commission: favoring the election of solicitors the people, and favoring the removal of capital to Birmingham. They will demand a free ballot and a fair count, a tariff for revenue only, with incidental pro-tection and free coinage in a ratio of

It is expected there will be 4,000 or 5,000 political visitors here Thursday and Friday and there is apt to be some very interest-ing political manipulations. If the combi-nation sticks together Kolb will make the democratic nominee hustle, to say the least

### A Horse Thief in the Toils.

Florence, Ala., February 6 .- (Special.)-A horse thief named Lawhorn alias Johnson was arrested Sunday at Boonville, Miss., and brought here yesterday. Lawhorn was met by J. F. Harris, of Blacktox, Tenn., above Chattanooga, from whom he had stolen a horse, and taken back to Tennessee. Lawhorn rode through the country nessee. Lawhorn rode through the country from Tennessee and had made several trades. Harrison's horse was traded to Sam Harkins, a negro preacher here, who fol-lowed Lawhorn to Mississippi and arrested him. He claims to have traded for the horse, but does not tell a straight story. The officers think that he is a bad man and is wanted elsewhere. A reward was offered

### But It Was Loaded.

Opelika, Ala., February 6.—(Special.)—A sistol that wasn't loaded has come to the front again and Mr. Benjamin Persons, of Youngsboro, was the unfortunate victim.

Mr. Persons was shot by a young man,
named Richie, late Saturday afternoon. Young Richie had been playing with the for some time and had snapped atedly. Mr. Persons approached weapon for some time and had snaped it repeatedly. Mr. Persons approached him and, in a playful manner, Richie pointed the pistol directly at his head and pulled the trigger. There way a report and Persons threw up his hands and fell. Investigation showed that the ball entered came out Persons's condition. while not critical, is dangerous.

### Berney for Mayor

Birmingham, Ala., February 6 .- (Special.) Birmingham, Ala., February 5.—(Special.)
Mr. William Berney, ex-president of the
Berney National bank, is being urged by
his friends to become a candidate for the
mayoralty of Birmingham. Mr. Berney
says he would gladly accept the honor but does not relish the heated campaign that will be sure to precede the election. Mr. Berney is one of the most popular men in the city. He is regarded as a clean man and a man of fine business judgment. If he agrees to offer for the office it is conceded he will be a hard man to beat.

### In Good Hands.

Columbia, S. C., February 6.—(Special.)— The Journal, Columbia's afternoon newspaper, has undergone another change. Mr. W. W. Ball, of Laurens, has taken charge of it, and under the influence of his vigorous and sparkling pen its editorial col umns can be depended upon to scintillate. umns can be depended upon to scintillate.

Mr. Ball has for several years been proprietor of The Laurens Advertiser, and also the Laurens correspondent of The Atlanta Constitution. He is known as one of the brightest writers in this state, and it is believed that The Journal will materially. revive under his management.

### DOUBLE SENTENCES TO SERVE.

Two Convicts Who Broke Jail Are Found Guilty of Murderous Assault. Americus, Ga., February 6.—(Special.)— Homer Willis, a young white man from Terrell county under sentence of fifteen years for assault with intent to murder, has been in jail here for more than a year for safe keeping, pending hearing befor the supreme court. Last August he aided George Cook, colored, another desperate convict, in assaulting Jailer McArthur, and the two, with other prisoners, made their escape, but were captured within a few min utes. Jailer McArthur's skull was broken from the blow of the iron bar, but he recovered. Yesterday George Cook received six years more upon his fifteen-year senten for burglary for this assault and today Ho-mer Willis was convicted of the same offense and will get the same sentence as his

### L. SCHOFIELD DEAD.

For Years He Was a Prominent Iron

Manufacturer Here. I. Schofield, formerly of Atlanta, died late Monday night in Chattanooga. He was eighty years old. Mr. Schofield was the first man to make iron rails in the south. He was born in England. He early emigrated to America and was associated with Peter Cooper, who operated the first locomotive in the new world, and Abram S. Hewitt, of New York, in the firm of Coope Hewitt & Co., mill men, Trenton, N. J. In 1852 he engaged in the rolling mill business in Michigan and in 1859 moved to Atlanta. Here he made much of the steel armor ed in constructing cruisers for the co federate navy.

### Drags on Slowly.

Sylvania, Ga., February 6.—(Special.)—The election contest for ordinary of Screven county drags its slow length along. It has been in progress now for over a week and bids fair to last for at least two more. In a few days the thirty days belonging to the contestants will be out and then, under the new law, the democrats have ten days in which to take testimony. Then the case will be argued before Judge Gamble. Over two hundred names are charged on each

# KOLB IS THEIR MAN. CAN ISSUE \$50,000. OUT THEY MUST GO.

Alabama's Jessersonians will Nomi- Receiver Averill Gets Authority to Put | The Italians in the Little Corner on Ont Certificates.

> AUGUSTA'S UNEMPLOYED

They Propose to Organize and Endeavor to Get Som, Public Improvaments Started.

Augusta, Ga., February 6.—(Special.)—In chambers this morning Judge Roney passed an order allowing Receiver J. H. Averill, of the Port Royal and Augusta railroad, Issue \$50,000 worth of receiver's certificates The certificates will bear 7 per cent interest. They will be issued to raise money to build a new iron bridge over the Savannah river, three miles below Augusta, to improve the physical condition of the road and meet maturing obligations. The certificates are first liens upon all properties, as-sets and incomes of the road.

The net earnings of the road from April 1803, to November 30, 1893, were \$24,998.78, and it is estimated that the total earnings for the year ending April 30th, will be \$74,998. The total extraordinary and fixed expenses will reach \$164,310.19, which leaves \$89,310.41 to be provided for. The receiver will advertise at once for bids for building the bridge, the bids not to exceed \$25,000. Auxious to Lynch.

coroner's inquest was held this afternoon over Louisa Williams, who was shot and killed by her husband, Nelson Williams, last night, and the verdict of the jury was that it was wilful and malicious murder The woman was shot twice through the head. Nelson broke the door down to get into the house and he found the woman under a bed hiding fro found the woman under a bed higher from him. He dragged her out, placed a pistoi to her forehead and sent two bullets through her brain. The negroes are very much excited over the murder and say they want to lynch Nelson if he is caught. The police and the detectives are hot after the murderer and if he he has not escaped to Atlanta as some think, he will be caught

efore morning. Meeting of the Unemployed.

A meeting of unemployed workmen was held tonight, which about 400 people attended. The crowds were about equally divided between whites and blacks. Practically all trades were represented. The carpenters seemed in the majority, but the bricklayers, plasterers, painters and day laborers were there also in strong arrays.

When questioned all said they could be When questioned, all said they could not get work of any kind, that they were willing to take any sort of employment and at almost any pay in order to keep the wolf from the door. The meeting was addressed by Mr. H. G. Anthony, a carpenter well known in the city. He said the meeting had been called for the purpose of forming an organization among the unemployed, so that in unity they might devise ways and means for getting work, or in some way alleviate their present condition. It was at first decided to enroll all the unemployed, but it was afterward thought best to wait but it was afterward thought best to wait until the next meeting to be held in about a week at the courthouse. Under no cir-cumstances will relitive. until the next meeting to be held in about a week at the courthouse. Under no circumstances will politics be allowed in the meetings. It is to be simply an organization of unemployed workingmen who wish to help themselves to secure honest work and not to appeal to charity. The newspapers, Mr. Anthony said, should not say everything was booming in Augusta, for it brought workmen here from other cities who soon discovered the error. He himself knew of several cases of this kind. The papers instead should advise the city government to start public work of some kind, so as to help the unemployed, as they do in other cities.

A Church Census.

In May the Sunday school union will take a census of Augusta for Sunday school and church purposes. Enough men will be assigned to the work in one day to canvass the entire city from house to house in two hours-from 10 o'clock a. m. to 12 m. There will be a public mass meeting and a list of the non-churchgoers will be submitted. Invitations will then be left at these homes to join any church that they may desire. A committee has also been appointed to afrange for a May festival of all the Sunday schools in Augusta and Richmond county. It is preposed to have a mammoth procession through the principal streets with banners and proceed to the exposition, where exercises will be corducted for about an hour, after which the day will be devoted to enjoyment.

At the Crurch of the Atonement Miss Laura V. Burney was married to Mr. A Church Census.

conducted for about an hour, after which the day will be devoted to edjoyment.

At the Crurch of the Atonement Miss Laura V. Burnley was married to Mr. George T. Hurt, of Irby, Ga., teday.

At the regular meeting of the city council last night it was decided to issue \$104,000 of 4½, twenty-year bonds to take up bonds meturing May 1st. A committee was appointed to prepare a new charter of the city of Augusta to be submitted to the people and then to the next legislature. A resolution was adopted urging Augusta as the place for locating the federal prison.

Recorder Pierce, who was recently summarily deposed from office, has filed notice that he still claims the legal right to the office and salary. He says he is ready to render the service and will hold the city responsible for his removal. This probably means a suit against the city for salary and damages.

TWO FIRES IN ONE DAY.

This Is Considered Quite a Novelty in

Thomasville.

Thomasville, Ga., February 6.—(Special.)—
Thomasville had the novelty of two fires before day this morning. The first was the doghouse on the premises of Governor Merriam. The other was the lime and cement house of C. H. Williams. The latter house was owned by Mr. McIntosh and insured in the Guardian for \$900. Williams was insured for \$300. The insurance will cover the loss. The fires were plainly of incendiary origin and seem to have been started by the same person. About 8 o'clock last night Mr. Palin ran a negro from his carriage shop while in the act of setting it on fire. The negro escaped.

Steps were taken today to organize a canning factory in Thomasville. Thomasville.

instead. Insist upon HOOD'S. Hood's Pills are the best family cathartic, gentle and effective. Try a box. 25 cents.

Marietta Street.

MRS. BELL HAS LEASED THE STRIP On the Corner of Broad and Marietta

Streets, and the Ten-Story Building Will Now Be Erected.

One of the most magnificent buildings in the south will soon grace the corner of Broad and Marietta streets-that corner where the narrow building has stood for so many years.

Yesterday the Boston syndicate, through Mr. Atkinson, closed a contract with Mrs. Bell, the owner of the corner, for the strip, eight feet wide, on which the little, narrow rookery has stood for so many years, and as the ink on the paper dried the last obstacle was removed to the erection of one of the most handsome, elegant and comm dious buildings the south has ever seen, and in a short time the preliminary steps of clearing out the corner and getting ready for the important work of building will be commenced.

And then as soon as brick and mortan can accomplish the transformation Atlanta will have a building that will not only ruffle the feathers of New York, in he metropolitan style of architecture, but a building that will cause Chicago to look to her laurels in the fear of being overtaken by her southern adversary.

This means that the little patch o

ground, on the corner of Broad and Marietta, which is now occupied by the Italian fruit venders, with an office of the Consolidated Street Railroad Company on the second floor, has been secured by the syndicate interested in the purchase of the ground.

Mrs. Bell, who refused for a long time to part with the property for any consideration, has at last come to terms, on the b sis of which the syndicate is warranted in going straight ahead. The lot has been leased for a period of

ninety-nine years, at an annual rental of This gives to the lot already in reserve an additional frontage of eight feet on Ma

riefta street, running back the entire length of the vacant lot by the side of it. A long story is thus brought to an end. For several weeks, in fact for two or three months, it was a matter of great concern with the capitalists whether or not the building should be erected on such a narrow piece of ground, as the property would be without the acquisition of the little strip. On account of the difficulty in the way of getting this strip it was necessary to suspend work in getting ready for the build-

The removal of this obstacle, however, opens the way for the new building and work will be resumed as soon as the pres-ent encumbrances to the property can be removed.

The settlement of the matter, which has been in dispute for so long a time, will be read with genuine pleasure by all who are interested in the public buildings of the city and such enterprises as bear a relationship to Atlanta's growth and pro-

It may be a matter of curiosity to a large number to know how it came about that a deed should be given to so small a piece of property as the one which has been the

or property as the one which has been the bone of contention in this case. It grows out of an old division of the city and the changing of a street line, Originally the street was further in by a difference of eight feet or more. The changing of the line caused the strip to become ar mavailable piece of property for the pur-poses of the city and for that reason it was sold to a private individual. Perhaps a more remarkable case is not on

ecord showing the value of such a small parcel of land even in a large city. Immediately after Mr. Atkinson had closed the contract with Mrs. Bell for the place the eastern capitalists were notified and within few days the architects who have the plans and designs of the most gergeous structure in the south will be in Atlanta and the little narrow hull will be wiped from the face of the earth and the tents in which Corbett's double is now doing the great fake act will go the way of all shows. Then as fast as man and money can trans

Then as fast as man and money can transform the place where Judge Strong, Colonel Nat Hammond and others once played ball into a palatial place of business the work of transformation will go on.

It ail argues well for Atlanta, as she will show herself on dress parade and to the substantial investor and observer in '95. By that time the building will be ready for occupancy and it will be one of the prides of the great city of the south. In fact one of the greatest incetives Mr. Atkinson had in closing up the trade was to see the had in closing up the trade was to see the building up by the time the great exposition opens. He realizes that then Atlanta will be seen by more eyes than ever before at one time and he wants to be right in the line of the greatest and best observation.

That the building will rival some of the finest in New York and Chicago those who have had an insight into the plans declare with great enthusiasm and energy.

### THAT NORCROSS CORNER.

In a Few Months a Five Story Structure Will Mark the Corner. That great pile of bricks, medicines, rub-pish and lumber which now marks the corner of Marietta and Peachtree, historcally known as the Norcross corner, is to

be carted away.

And in that same place one of the most elegant five-story buildings in the city will

be planted.

Since the fire and the subsequent tumbling of the building the people of Atlanta who have a pride in the beauty and attractive appearance of the city have been wondering what Hon. Jonathan Norcross, once mayor of the city and the owner of the place, would do. Somehow the idea went out that Mr. Norcross would attempt to repair the building, and leave in the very heart of the city something that many would call an eye sore. Just how that idea went out no one knows and many doubted it, especially those who knew Mr. Norcross, for in all Atlanta there is not one who has more pride in the beauty of the city than he.

than hé.

However, all doubts were set to rest yesterday morning by Mr. Norcross when he announced to a group of Atlantians that the old building would be torn away and in the place one of the prettiest five-story buildings in the city would soon take its place. than he

the place one of the prettiest five-story buildings in the city would soon take its place.

In making the announcement Mr. Norcross stated that he had already instructed his architects, Messrs. Bruce & Morgan, to draw plans for the building and that the designs suggested by the gentlemen were such as pleased him and that the building would be all that any Atlanta lover of beauty would like. By the indicated designs and plans the building will cover all the ground now occupied by the building. It will be five stories high, as has been sald, and will have magnificent frontages on both Marietta and Peachtree streets. It will be equipped with elevators of the latest design and will have all of the modern conveniences and improvements and will be one of the most desirable office buildings in the city. On the Peachtree street side there will be several pretty stores, while on the Marietta street side there will be two or three large storerooms.

Since the building fell a few days ago Mr. Norcross was offered \$200,000 cash for the place, which is \$4,000 a front foot, but the offer was declined and Mr. Norcross, though now well advanced in years, decided to give Atlanta another evidence of his faith in the future of the city by putting up a grand building—a building which will be a lasting monument to his name—a name which has traveled along with Atlanta in uil her steps of progress.

Great stories could be written about that same Norcross corner. No piece of property in Atlanta has changed hands less than the

Norcross corner. In the '50s, and in the early '50s, too, Hon' Jonathan Norcross, then one of the youngest and most progressive men of the city, bought that lot, it being a part of the lot surrounded by Peachtree, Marietta, Broad and the railroad, for a mere song, the entire piece mentioned selling for less than \$500. He has held it since and many times has been offered a good price for it, but so convinced was he that it would be a great corner in a great city that he refused to sell. After the war, when money was tight, he gave to one of the Rich brothers, now one of the most prosperous firms of Atlanta, a ground rent on it and Mr. Rich put up the building. Subsequently that building was raised in height and during the work it fell, rather one of the walls fell, and one man was hurt. hurt.

The building has long been a landmark and when it disappears one of the neatest structures of the city will take its place.

And so Atlanta's growth goes on.

Since the New Year. The following list shows that Messrs ode, Beck & Co. have made sales, sin new year began, to the amount

Mr. Goode's Opinion. \$127,525.00

Mr. Goode's Opinion.

In speaking of the real estate market yesterday, Mr. Samuel W. Goode said: "The practical certainty that the United States prison will be located in Atlanta, the direct probability that the Grand Army of the Republic will hold its next convention here, and the settled fact that the greatest exposition ever seen in the south will be opened here in 1856—these things combined have given our people hope and confidence in the continued rapid growth of Atlanta, and the timid have begun to find courage enough to turn their money loose for loans and direct investments in real estate. Indeed, the change for the better has been very perceptible to dealers in the last sixty days. It is not any particular advance in prices which is so marked, because, in this respect there has never been any falling off; but it is the fact that people are beginning to buy at the normal prices. Indeed, the best prices realized for property at all have been obtained within the past six months. For instance, take the Castleman lot on Peachtree, at the corner of Third street, which was so recently sold by us to Dr. Gober for \$208.33 per front foot with only a depth of 200 feet. Another evidence of returning confidence and activity is found in the desire and willingness of owners to sell their property at auction. We already have a variety of property to be thus sold early this spring. There has been a spirit of falmess and liberality manifested by our citizens, one towards another. In the past year, which is truly commendable; and the result is that creditors basing their security upon real estate have not forced property for sale and broken prices and distressed if not ruined their debtors; but they have exercised a wise forbearance and will soon be rewarded by full payment of all that is due them, and values nave been sustained in Atlanta as in no other city, within my knowledge. All signs point to an active spring market, and to the investing here of much outside capital."

### TERMINAL PROPERTY

Sold in Accordance with a Court De cision.

New York, February 6.-In accordance with the decision of United States Judge Lacomb, entered in the case of W. P. Clyde and others, Receiver Oakman, of the Richmond and West Point Terminal Company, sold the stocks, bonds, judgments, claims, etc., belonging to the company at the real estate exchange at half past 10 celebrat this morning. Charles H. Coster. o clock this morning. Charles H. Coster, of the Richmond Terminal reorganization

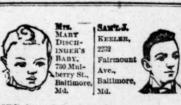

company, says:
"The purchase of Richmond Terminal assets at the auction sale today was in pursuance of the reorganization plan. The sale was of the odds and ends of assets held in the company's treasury, and leaves the company practically divested of every asset. The real estate belonging to the company in the city of Richmond and vicinity is being sold in Richmond today. Everything is now held by the reorganiza tion committee and insures the final success of the plan.

Left for Atlanta.

Covington, Ga., February 6.—(Special.)—Mr. Guy Crusselle, who has been bookkeeper for the Clark Banking Company for two or three years past, left for his home in Atlanta Thursday, where he will probably engage in business. Mr. W. A. Spencer has succeeded Mr. Crusselle as bookkeeper in the bank.

VIRGINIANS MEET.-Last night in the office of Captain Arnall the Virginia Society held an enthusiastic meeting. Several speeches were made and a committee of three, with Captain Arnall as chairman was appointed to look out for the permanen organization of the society and engage club

A SAD ACCIDENT.-Last night Jack Barrett, the twelve-year-old son of Dr. Robert Barrett, dean of St. Luke's, met with a painful and serious accident. While playing with some friends in the attic a toy pistol was discharged near his face. The powder from the cap flashed in the little fellow's eye and will probably cost the loss of that

The Lenten Fast of Porty Days Is Now Upon the People.

WHAT TWO BISHOPS SAY ABOUT IT

They Urge Fasting and Prayer, and Make Suggestions as to Personal Conduct During the Time of Contrition,

Today will be the blessing of the ashes And, as the emblem of sorrow is touched to each brow, they will begin the ancient fast of Lent. This is one of the oldest observances of

the universal church. In one form or other it is observed in almost every country of the world. Through the ages back to the misty antiquity it has been the great rest

time in worldly work.

The purpose of it is to call a halt in gayety; to direct attention from things terrestrial to things celestial. It is a scattering the second of th son of meditation; of reflection, of prayer The two bishops of Georgia, Bishop Becker, of the Roman Catholic church, and Bishop Nelson, of the Protestant Episcopal church, have made announcements to their flocks, reciting the importance of the coming season, and impressing the necesthe sity of prayer and alms-giving Bishop Becker's Rules.

Last Sunday the pulpit of the Church of the Immacu.ate Conception was occupled by Right Reverend Bishop Becker. He reflect upon the transitory nature of life. reflect upon the trustary nature of life. There was in his address much that was calculated to stir the heart and arouse the conscience. He read the lenten regulations as follows:

as follows:

"By command of the third plenary council, of Baltimore, a collection is to be taken up in all the churches on the first Sunday in Lent for the missions among the Indians and colored people. The following are the laws for Lent in the diocese of Sa-

"Ash Wednesday, the first day of Lent, "Ash Wednesday, the his action of February.
"I. Al; the faithful who have completed their twenty-first year are, unless legitimately dispensed, bound to observe the last of Lent.

"2 They are to make only one meal a day, executing Sundays.

"2 They are to make only one heat a day, excepting Sundays.

"3. The meal allowed on fast days is not to be taken till about noon.
"4. Flesh meat and fish are not to be used at the same meal during Lent. "5. A small refreshment, commonly called collation, is allowed in the evening, not to exceed the fourth part of an ordinary meal."6. At the collation, it appreciate to the control of the collation of the common of the collation of the collation

"5. A small refreshment, commonly called collation, is a lowed in the evening. not to exceed the fourth part of an ordinary meal.

"6. At the collation it is permitted to use bread, all kinds of fruit, salads and vegetables. The use of butter, cheese, milk andegs is also tolerated by virtue of a long-established custom.

"7. Generel usage has made it lawful to take in the morning some warm liquid, such as tea, coffee or thin chocolate, made with water, and a mouthful of lead.

"8. Necessity and custom have authorized the use of hog's lard instead of butter, in preparing permitted food.

"9. The following persons are exempted from the obligation of fasting: Persons under twenty-one years of age and sick, nursing women and those doing hard labor, all who through weakness cannot fast without great prejudice to their health.

"10. By virtue of an induit granted to the bishops of these provinces under the date of August 27. 1887; the use of flesh meat will be allowed at all meals on Sundays and Occe a day on Mondays, Tuesdays, Thursdays and Saturdays, with the exception of the second and last Saturdays of Lent.

"11. Persons dispensed from the obligation of fasting on account of tender or advanced age, hard labor, ill health, are free to take meat more than once on these days when its use is granted by dispensation.

"12. The faithful are reminded that be-

tion. The faithful are reminded that be-sides the obligation of fasting imposed by the church, this holy season of Lent should be in an especial manner a time of earnest prayer, of sor-row for sin, of seclusion from the world and its amusements and of generous alms-giving.

row for sin, of seclusion from the world and its amusements and of generous alms-giving.

"13. The Paschal time extends from the first Sunday in Lent till Trinity Sunday, during which all Catholics who have attained the use of reason, are bound to prepare themselves to receive worthily holy communion. The season of Lent is also a proper time for children to go to their first confessions, which they ought to do generally when about seven years old. Parenta and teachers should see to this."

The masses in the Church of the Immaculate Conception this morning will be at 7 and 9 o'clock a. m. The ashes will be

and 9 o'clock a. m. The ashes will be blessed and touched to the foreheads of the worshipers with the injunction mento mori."

the worshipers with the injunction "memento mori."

Bishop Nelson to His Flock.

Right Reverend Bishop Nelson, who has taken ho.d of his diocese so vigorously, has written a pastoral letter to his people, of considerable length. In opening it, the bishop says:

"In the springt.me of the natural year the church of God has appointed for all her children a season for the renewal and refreshment of their spiritual life. As death regns in winter, so many of our good resolutions and holy purposes of amendment have perished during the past year, the soil of our hearts has been chilled and hardened by intercourse with the evil things of the world, and we need both to recover our lost powers and to gain new graces. Let us look upon Lent not as a wearisome, melancholy season, but as a dear and sweet feast of the soul, welcome it as a period of blessine and joy, and in the spirit of humble obedience make it a time of heavenly contemplation, take up again cur armor, burnish the shield of faith, whet the sword of the spirit by the use of God's word, gird up our loins for work, and pray that God will enable us, pastor and people, to profit by the opportunities afforded us. Let us endeavor for these forty days to live by rule, if it be ever so simple.

"The forty days through which we are passing are in remembrance of our blessed Lord's fast of forty days in the wilderness, when the church calls us to examine ourselves, to repent and confess our sins, to bring forth fruits meet for repentance, in prayer, alms-deeds and fasting, before we approach our Easter communion.

"Knowing the difficulty of some people in making rules for themselves, I give you herewith some suggestions, and entreat you to read and consider them before. Ash Wednesday. They may not suit every one of you, but will help all in making their resolutions. Do not throw away the preclous assistance of God's word and sacraments, and keep as close as possible to the side of your Master and Savior Jesus. Let Him teach you from His cross that you may share the glory

week. "Supper-Tea (or coffee), bread, vegeta-

"No meat or lish on Fridays and all holy week.

"Supper—Tea (or coffee), bread, vegetables.

"To abstain from meat and eat fish is, in the case of those who prefer fish to meat, a mere pretense and sham.

"Receive the holy communion fasting at the early service and also at the late celebration, if the health permits.

"Be punctual and regular in devotion.

"Read the Psalms for the day as appointed in the Prayer Book.

"Pray not only night and morning, but at midday, also, using one of the penitential Psalms, 6, 22, 33, 102, 130, 143, 150. Use prayers for the church, for the sarish, for evil Christians, for the increase of the faith, for the conversion of unbelievers. Attend at least two services on Sunday and as many as possible during the week. Make the effort to be present at every celebration of the holy communion.

"If you have not trained yourself to do so, Lent is an excellent time to begin the practice of giving, as is every man's duty, one-tenth of your income to the Lord, either in the form of offerings in the church, the support of missions, or in charities general or special.

"Increase your offerings by diminishing your luxuries and superfluities, candy, cigars, new ribbons, gloves and ties, and present the fruit of your self-denial unto the Lord either during Lent or at Easter."

As to Confession.

Bishop Nelson writes upon the necessity of self-examination. "This," he says, "is

people of Macon and many others are rather amused at the abrupt anding people of stacon and many others are Father amused at the abrupt ending yesterday in Bibb superior court of the petition brought by the bondholders' committee of the Georgia Southern and Florida railroad for the removal of Receiver Sparks, or the appointment of a co-receiver. It was in-timated by the presiding judge that he didn't believe in double barrel receivers, and the petitioners had to tack on to an-other line of procedure. Therefore the origi-nal petition which asked for the appoint-ment of a co-receiver was amended by asknt of a co-receiver was amended by asking that Receiver Sparks be removed. Petitioners preferred a number of charges against Receiver Sparks and then took the position of asking for time in which to prove the charges, and that, too, in the face of the fact that the bondholders' comface of the fact that the bondholders' committee have spent a large portion of the time since their appointment in the fall of 182 in trying to prepare to remove Sparks as receiver. The petitioners, no doubt, soon learned that they had no grounds or causes for the appointment of a co-receiver, as all the facts sustain the declaration that Receiver Sparks has been managing the road impartially, efficiently and economically, and then further found that there was less reason for Sparks's removal. The job of co-receiver would be a luxury for him, less reason for Sparks's removal. The job of co-receiver would be a luxury for him, but a hardship for the removal. but a hardship for the property holder.

It was, no doubt, very surprising to the so-called bondholders' committee to find that as many bondholders were opposed that as many boundaries were opposed to the removal of Receiver Sparks as there were those who favored it. In fact, it is said that the bondholders' committee really represent a minority interest. In addition to the many bondholders who favor Sparks, he is suppored by stockholders and all lo-It is thought that the petitioners will make another effort to have Sparks removed and will file a petition to that effect.

Postmaster and Assistant. Judging from letters and telegrams re-ceived in Macon from Washington city, the people of Macon have formed the opin-ion that ex-Mayor Daisy Price will be appointed postmaster at Macon. Being con-vinced of this, they are now speculating on who will be made assistant postmaster. It is thought by many that this nice plum will fall into the basket of Mr. Bob Smith, who for nine years was an alderman of the city, his term of office having expired the city, his term of office having expired last December. Between Messrs. Smith and Price the closest and warmest friendship exists. Mr. Smith was an alderman during the entire nine years that Mr. Price served as mayor. He is popular and efficient, and would discharge the duties of assistant postmaster satisfactorily to every one concerned. Mr. Smith may not wish the place, but many think he will be appointed. The salary of assistant postmaster is about \$1,800.

Who Will Be Chairman? There is some interest to know who will be chairman of the stockholders' meeting of the Southwestern Railroad Company which assembles on Thursday at the Acadwhich assembles on Thursday at the Academy of Music. Washington Dessau, the well-known Macon attorney, was chairman of the last meeting of the stockholders, but it is not known whether he will be elected chairman of the meeting on the 8th. It will be a very important session and there will, no doubt, be considerable discussion and many points and questions raised. The meeting will be largely attended.

County Commissioners Meet. The county commissioners held their reg-ular monthly meeting today and transacted considerable routine business. The matter of greatest importance before the board the proposed construction of a new through the swamp along the drainage l, and the board decided to recomcanal, and the board decided to recom-mend to the road commissioners that the road be built. The road commissioners will meet on next Saturday, when they will, doubtless, pass upon the question. The building of this road will lead to the construction of the drainage canal which is so much desired by the people of Macon.

The Bid Awarded.

The Bid Awarded.

At the regular monthly meeting of the board of public works held last night the bid of the Georgia Quincy Granite Company of Macon, to furnish all necessary curbing and flagging and belgian blocks for the year 1894, for the city of Macon, was accepted. There were five other bidders, to-wit: one from Atlanta, one from Augusta, and three from Lithonia. The above bid does not include any stone for street paving. The Georgia Quincy Granite Company has been doing the work of the city of Macon several years. The company is a low bidder and furnishes good material. It is thought that as soon as Macon finishes her sanitary sewers she will commence street paving on an extensive scale.

A Beautiful Dancer. A Beautiful Dancer.

Alberta, is the very pretty and bright little daughter of ex-Alderman O'Hara, and though she is not quite five years old she one of the most beautiful and perfect child dancers to be found anywhere. Her dancing is artistic, yet so natural that she attracts the eye, holds the attention and elicits the admiration of all beholders. She had a leading part in the Kirmess which was presented last night, this afternoon and tonight. Her excellent dancing won great applause, especially when she appeared in "The Highland Fling." "The Flower Dance," and in "Getting Ready for the Ball." Alberta was exquisitely dressed. She is certainly a prodigy at dancing.

AN EVANS CLUB IN BARTOW.

AN EVANS CLUB IN BARTOW. Enthusiastic Speeches and a Large Enrollment of Members.

Cartersville, Ga., February 6.—(Special.)— In the interim allowed at noon for the su-perior court today an Evans club was form-ed, a large number of democrats from the city and county becoming members. Sev eral enthusiastic speeches were made, advocating General Evans's candidacy, and a final permanent organization was effected by electing Captain T. J. Lyon president and Major A. M. Foute secretary of the

club.

The following resolution was adopted:

"Whereas, a mass meeting of the citizens of Bartow county was held this day in the city of Cartersville, Ga., for the purpose of organizing "The Bartow County Evans Club; it is therefore,

"Resolved, That, recognizing the eminent ability of Clement A. Evans, we form ourselves into a club, co-operating with all similar organizations in the state in furthering the interests of the man whom the people are calling to their service, and we people are calling to their service, and we heartily endorse General Clement A. Evans for governor of Georgia."

THE GREAT CARNIVAL.

Rex Had Possession of the Crescent City Yesterday.

New Orleans, La., February 6.—His majesty, Rex, was in full possession of his royal carnival city today and New Orleans turned aside from business to pay homage to the king of mirth. Mardi gras is a legal holiday in the state and all the banks, exchanges, public buildings and stores are holiday in the state and all the banks, exchanges, public buildings and stores are closed. The weather was all that a fastidious monarch might require. It was bright and balmy, the chill of the early morning giving way as the sun came up from the east in all its warmth and splendor. There are present in the city many distinguished are present in the city many distinguished strangers, including General Schofield, Senators Manderson and McMillar, Phil Armour, the Chicago millionaire; Colonel J. Armour, the Chicago millionaire, Colone 3.

T. Harrahan, and a large delegation of railroad men; Dr. Keeley, of bi-chloride of gold fame, and a host of military and lay strangers, who watched the parade from the clubs and other points of vantage along the

The visiting soldiers took no part in the procession, but are enjoying the novel sights on the streets. Long before noon, Canal, Camp and St. Charles streets were fairly jammed with people and the police had difficulty in preventing hopeless tangles of

humanity.
It was 11 o'clock when Rex appeared this forenoon. He came out from his den on Calliope street with his long train of beau-tiful cars and with gay courtiers, a royal retinue and a host of bands making martial music. The king was greeted with the ut-most enthusiasm on all sides. Rex, this most enthusiasm on all sides. Rex. this year, has taken from the great poets and story tellers of ancient and modern times material to make up the theme of literature illustrated by his pageant. There were nineteen floats in the procession.

nineteen noats in the procession.

The carnival came to a close tonight with a brilliant pageant and a series of balls that were social triumphs. The day passed without a single serious accident and in that respect the carnival was an exception. The throngs on the streets tonight exceeded, if anything, those of yesterday and to-day, but they were good natured crowds and suffered jostling without complaint.

The Mystic Krewe. The pageant this evening was mostly of the Mystic Krewe of Comus. Comus se-lected as his subject, "Once Upon a Time," portraying reminiscences of childhood days, the troubles of Cinderella and Tom Thumb, of Bluebeard, of Beauty and the Beast, of Babes in the Wood, Puss in Boots, and all that lik so familiar to big and little folks, were treated by Comus in a series of moving tableaux of surpassing grandeur, most elaborate in their decorations and gorgeous in their costumes and fairly ablaze with the glare of calcium lights. There were twenty floats in the pageant.

After the street parade the krewe con-After the street parade the Riewe concluded their entertainment at the French opera house. Here, a magnificent audience of the chivalry and beauty gathered. When the curtain rose it revealed a tableau of wonderland beauty. Then Comus and his courtiers led out the ladies they had cheen for the dance and the ball way had chosen for the dance and the ball was

was in progress.

Washington Artillery hall, transformed into a magnificent throne room for the king, was occupied by Rex and his company. The ball brought the most successful carnival in years to a close.

### BUNNY ON A DRUNK.

Studying the Effect of Alcohol on Rabbits at Johns Hopkins Hospital. Baltimore, Md., February 6.-A number of experiments are being tried in the patho-

logical department of Johns Hopkins hospital to ascertain the effects that alcohol has on rabbits. Six rabbits were, several weeks ago, started on a diet of alcohol and whisky, and were given a drachm a day, diluted with water. The object of the experiments is to ascertain the amount and degree of fatty degeneration that follows the use of stimulants. A rabbit is selected which is apparently thoroughly healthy and is given little to eat.

When ready for his first dose he is taken from his cage by the ears or back and

placed flat on his back on a small piece of plank, with slip knots to hold his feet firm-ly extended. In the meantime the little animal begins a sharp, shrill cry, not un-like that of a child screaming from temper. It is during the process of these cries that the rabbit will bite and painfully wound his tormentors if he gets a chance. As soon tormentors if he gets a chance. As soon as the cries cease, however, forceps are put into his mouth and held open by an assistant, while the operator passes down through the mouth and gullet into the stomach a soft, hollow rubber tube, into the outer end of which is placed a small glass funnel. By this siphon-like arrangement the dose of alcohol or whisky is administered.

ministered.

It takes but little more than a minute for the effects to become manifest, and uncleased the second of the second o mistakable signs of bunny on a drunk are mistakable signs of bulling of a distakable witnessed. These drunks, as with men, differ according to the nature and disposition of the subject. In one case a lively mood supervenes, and if the rabbit could get out he would show how much of a get out he would show how much of a sport he could be. He jumps up and down in his little cage, and is pretty lively in showing the stage of excitement from his drink. He will then become stupid and heavy, his breathing will become fast and deep and he will soon stagger like a drunken man and fall down as fast as he gets up

FLOYD'S CENTENARIANS.

County Commissioners Make Allowances for Two Very Old Persons. Rome, Ga., February 6.—(Special.)—The county commissioners met yesterday and attended to a lot of routine work. Outside of this some rather peculiar acts came up. One was the granting of \$2.50 a month to Mr. T. Boyd, Floyd's tax receiver a year or two ago, who applied for aid. He is unable to walk, and was in this condition when filling the office. He carved up a man for too intimate relations with his wife, and then left the county. He left the office and now applies for aid. His recent wife, it is said, but here belong out some sort of an exist. has been eking out some sort of an exist-ence in the very slums. Only a few weeks ago some of the city policemen found her inhabiting a negro house.

Another interesting feature of the work of the commissioners was the granting of an allowance to Mrs. Isabelle Touchstone, of Everett Springs district, who is one hundred and two years old, and another to Mrs. Martha Byrd, of Vann's valley, who is an even one hundred years of age.
According to the recent enactment the board refused to pay for the services of twelve men on a coroner's jury. They paid six \$1 each, who divided it up, so that all twelve received 50 cents each.

welve received 50 cents each.

Some Strayings.

Mr. and Mrs. J. F. Wardlaw gave a reception last evening complimentary to their daughter, Mrs. C. C. Holmes, of Macon, and Miss Dowdle, of Tuskegee, Ala.

The body of Mr. Walter Mitchell, who died in New Orleans, will be brought here tomorrow for burial.

Mr. Clarence Wood has gone to Anniston to be assistant to the Episcopal rector at that place.

Miss Helen Eastman entertained a number of friends at a card party last night.

Miss Helen Eastman entertained a number of friends at a card party last night.

Mr. George Bradford, a popular young Roman, left yesterday for Knoxville, where he has accepted a position.

George Johnson, of Texas, who has been visiting in Rome, was robbed of \$50 the other night.

The little two-year-old child of Mr. and Mrs. John Parker died at their home and was buried yesterday.

Raising Home Supplies. Rome, Ga., February 6.—(Special.)—Rev. William Treadaway, formerly a resident of this county, but now a prosperous farmer near Rockmart, arrived in the city yes-terday on business. He says that the farm-ers in his section will not plant as much cotton as they did last year, but will de-vote most of their time to raising home

Special Meeting of the Veterans. Atlanta, Ga., February 6.—There will be a meeting of the Confederate Veterans' Association of Fulton county at the Gate City hall on tomorrow evening, the 7th instant, at 7:30 o'clock, to receive the report of the committee of arminents on General Gordon's lecture and give attention to other matters pertaining to same. The lecture will be made at the Grand opera house, on the 8th, and all veterans are urged to attend. A full attendance is desired at this meeting. By order of the desired at this meeting. By order of the president.

JOHN F. EDWARDS, Secretary.

Heirs of the Late Robert T. Fowler Dissatisfied with Its Provisions.

HIS ESTATE IS VALUED AT \$50,000

The Case Is Appealed to the Superior Court of Clarke County-Undue Influence Is Charged.

Athens, Ga., February 6 .- (Special.)-Athens promises to have a very lively and sen-sational legal battle over the will of the late Robert T. Fowler at the next term of the Clarke superior court. A short while since Mr. Robert Fowler,

of this county, died at the advanced age of ninety-five years.

He was a bachelor and during his life had accumulated a large estate, amounting probably to forty or lifty thousand dollars.

He had a large number of relatives and left a will in which he made provision for most all of them, at the same time leaving the bulk of his property to his nephews,

David C. and L. M. Fowler.
This will was made in 1891 and was witnessed by Messrs. George D. Thomas,
James White and J. T. Williford. In April, 1893, Mr. Fowler annexed a codicil to his will, in which he made several changes, among others leaving the great bulk of his property to David C. Fowler, his nephew, who had paid a great deal of attention to him during his old

age.
The nearest of kin of Mr. Fowler, as set forth in the will, are as follows: James Fowler, of Jackson county; Sarah Hemphill, Sarah Nixon, Susan Nixon, Mildred Parrott, of Clarke county: Howell Betts, John Nixon, Benjamin Nixon, of Jackson county; Amanda Poole, of Franklin; Thomas Fowler, William Fowler, Cody Fowler, of Clarke county; Joseph Fowler, Robert Fowler, Lon Payne, Eugenia Kennedy, Katie Fowler, Belle Wallace, of Jackson county; Sarah N. Jordan, of Clarke county; Delia Strickland and Cynthia Curling, of Gwinnett county; Sophia Fowler, of Clarke county; Robert Fowler, John Fowler, Fanny Williams, Cody Lawrence and Oscar Davis, of Mississippi.

At the ordinary's court the will was offered for probate in solemn form yesterday, It was met by a caveat on the part of several of the heirs, viz: John Nixon, Sarah Nixon, Middred Parrott and Howell Betts, who, through their attorneys, Messrs. E. T. Brown and S. J. Tribble, are attempting to break the will.

The grounds alleged in the caveat are:

1. That at the time of the making of the will and the codicil thereto, Mr. Fowler was not of sound and disposing mind and memory.

2. That at that time he was under undue Jackson county; Amanda Poole, of Frank-

will and the codicil thereto, Mr. Fowler was not of sound and disposing mind and memory.

2. That at that time he was under undue influence on the part of his nephew, David C. Fowler, who is the principal legatee.

At the court the subscribing witnesses to the will and codicil, Messrs. George D. Thomas, James White, J. S. Williford and T. J. Poss were sworn and they testified that the will was executed in regular form and at the time that Mr. Fowler was, in their judgment, of sound and disposing mind and memory.

The will was probated in solemn form and the caveators without invoducing their evidence, took an appeal to the superior court and will fight it out there.

The executors of the will, Messrs. David C. and L. M. Fowler, are represented by Messrs. Lumpkin & Bennett and George D. Thomas, and when the fight is on it will be a lively one.

Some interesting testimony is promised by the caveators.

Newsy Notes.

Miss May McLaughen, of Atlanta, is the guest of Miss Lottie Weir, of this city. The Farmers' institute of Clarke county held its regular meeting here yesterday and was largely attended.

Miss Katle Bain, of Augusta, is visiting her sister. Mrs. A. W. Vess.

The S. A. E. Club gave an informal cotillion to their friends this afternoon.

Mr. E. R. Hodgson is visiting his brother, Lieutenant A. C. Hodgson, at the Navai academy. Annapolis.

Miss Lulie Thomas, of Augusta, is the guest of Miss Maggie Talmadge.

Colonel John C. Kimball, of the Atlanta har, is stopping a few days with his friends in Athens.

Misses Ruth Cunningham. Ellen Hillyer and Julia Wilkins, of Atlanta, are expected in a few days to visit Miss Katle Louise DuBos. Newsy Notes.

Covington's New Road. Covington, Ga., February 6.—(Special.)— Our new railroad is now about completed, and a schedule will be put on this week. When the track is connected with the When the track is connected with the Georgia railroad, which will probably be on Thursday or Friday next, double daily trains will be put on between Covington and Milledgeville. Trains will leave Covington after the arrival of the morning and evening trains of the Georgia road from Atlanta, and make close connection to Milledgeville; and coming up, will leave Milledgeville in the morning and evening arriving in Covington in time to connect with the Georgia fast tram and mail train from Atlanta. The morning train from Milledgeville will run a car through to Atlanta on the fast train, which will return on the down fast train at 5.01, and connect through to Milledgeville. This schedule will make our new road very pop-ular, and will be a great convenience to all our people. The distance between Cov-ington and Milledgeville is sixty-live miles. A Runaway Boy.

Elberton, Ga., February 6 .- (Special.)-Arthur Carpenter, a fourteen-year-old son of S. N. Carpenter, formerly editor of The Gazette, of Elberton, Ga., left home on Wednesday night, January 31st last, and went to Clinton, S. C., on the Georgia, Carolina and Northern, and has not been heard of since. He is rather tall and slim, has black hair and eyes, wears a gray suit of clothes and gray cap and knee pants. Any information in reference to him will be thankfully received. Papers please copy. S. N. CARPENTER.

Telling the Truth.

Telling the Truth.

It's common saying that newspapers lie, but when an editor writes a thing and puts his name to it you may be sure he is telling the truth. Read this: "We have never before said one word in favor of any patent medicine advertisement in our columns, but having given Simmons Liver Regulator a fair trial, we do not hesitate to say, that for dyspepsia and general debility it cannot be excelled."—Fred M. Childs, editor News, Kenton, Ohio.

The Statesman's Pocket. From Kate Field's Washington: "Do you prefer side or slant or top pock-

"Do you prefer side or slant or top pockets in your trousers?"
"I don't care, I'm sure. All I want is pockets that I can get my hands into."
This was the conversation I overheard the other day between a tailor and his customer, and I was reminded of it an hour later as I looked down upon the floor of the senate chamber and watched our grave and reverend lawmakers going through and reverend lawmakers going through their work. In the middle aisle, carrying on a triangular debate, were Senator Proctor and Senator Gorman, each with his left hand in his trousers pocket, and Sena-tor Allison, with both hands similarly entor Allison, with both hands similarly encased. They were presently joined by Senator Brice, who had his right hand pocketed, while Senator Lindsay strode from the democratic side over to the republican side with both his hands in his pockets, almost running into Senator Lodge, who was carrying his in the same way. I could not help thinking of the old story of Daniel Webster and the button on his jacket which he always used to twirl while making his best recitations in school. It is said that a little girl who had long stood next to him in his spelling class, school. It is said that a little girl who had long stood next to him in his spelling class, and who was ambitious to pass him, contrived one day to snip off this button; and at the next recitation, when Daniel felt for it and found it missing, he was so overcome that he missed the word put to him, and his clever rival went to the head of the class. Suppose some malicious person, bent on destroying the comfort and dignity of the senate, should contrive to have the trousers pockets of all the senators sewed up over night, what would become of American oratory and legislation the next day?

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating; it will relieve dyspepsia, aid digestion, give tone and vigor to the system.

Without Fear of Contradiction, Tha We Have the Most Successful Treatment for the Cure of All Catarrhal and Lung Affections Ever Discovered.

They Testify from Experience to the Excellence of the Copeland System. Some of Atlanta's leading citizens during the past year have testified to the wonderful curative efficiency of the Copeland system in lung and stomach troubles, rheumatism, asthma, bronchitis, catarrhal deafness and catarrhal affections of every description. Says A. C. Hulit, of 260 East Hunter street:

A. C. HULIT.

A. C. HULIT.

"I have been greatly pleased over my cure by the Copeland physicians, as my health was so completely shattered by catarrh and bronchitis when I began treatment that I had no idea of getting well so soon, if I got well at all. The catarrh had been working on me for many years, and it seemed as though the catarrhal poison had diseased every organ in my body.
"I lost appetite and would have a feeling of soreness and distress after eating, I was restless at night, always waking tired, sick and disgusted. I was always in a miserable, dispirited, half-sick condition, so much complained of by catarrh sufferers generally.

"My throat was always sore and inflamed

much complained of by catarrh sufferers generally.

"My throat was always sore and inflamed and the catarrhal inflammation gradually extended to the bronchial tubes. I began to suffer terribly from pain and soreness and feverish distress at the lungs and all through my chest.

"I had an irritating chronic cough. It was a cough that nothing seemed to relieve. It seemed to defy treatment. When I applied to Dr. Copeland for an expert diagnosis of my case I thought it doubtful if the malady could ever be masticed. The effect of their magnificent areatment, however, was to cure up the whole trouble la a surprisingly short time."

HOME TREATMENT.

Our system of mail treatment by means of symptom blanks and correspondence is as perfect and effectual 3s our office work. The charge is the same—\$5 a month covers everything, including all medicines. Write for symptom blanks, 315 Kiser building.

CURING BY MAIL. An Assistant U. S. Postmaster on Dr.

Copeland's Catarrh Treatment. Assistant United States Postmaster C. R. Thompson, of Maysville, Ky., speaking of his prompt cure of chronic catarrhal disease under the Copeland system, writes:

"I desire to testify to the efficiency of the Copeland treatment for catarrh. Was troubled with catarrh of the head for four or five years and tried numberless remedies, but was unable to get any permanent relief until treated by the Copeland system and cured. I can heartly recommend their treatment to other sufferers."

ATLANTA, GA., February 7, 1894.

The Council and the Caucus. 200

The caucus of the members of the city council after the last regular meeting, for the purpose of taking into star chamber consideration the question of the election of police commissioners, was a mistake. The people of Atlanta have time and again expressed themselves in the matter of caucus action by the members of the council, and they have much to regret in the development which establishes the fact that the system which has been so frequently and emphatically condemned, has been brought to the front again. The announcement that Monday's caucus, however, was not the result of deliberation, and that the council did not know that the attention of its members was to be directed, behind closed doors, to a matter which should only come up in open session, and which belongs to the people, relieves its participants from the criticism to which they would otherwise be subjected. It is gratifying to know that a large majority of the members of the council oppose the caucus plan, and that they will not resort to its use in the selection of city

Such of our citizens as are candidates for municipal office of emolument or trust should be allowed the privilege of making their contest before the public. It is an injustice to the people and to the candidates to envelope the method of choice in mystery, and, under the protection of closed doors, to make charges which, if made publicly, might be re

The old, time-honored way of filling city offices is good enough for the people of Atlanta, and they have broken up two or three attempts to substitute for it the noiseless working of caucus machinery. which is unsatisfactory to all concerned, nd most of all to the city

This system must not be revived, and we are glad to know that it will not be When our councilmen act upon public measures, they must act in open session. The people will be satisfied with nothing

### The Kentucky Episode.

The Nashville Banner, commenting on the resolution passed by the democrats of the Kentucky house requesting and instructing the senators of that state to vote against the confirmation of Mr. Peckham, remarks that it is "an altogether gratuitous performance," and declares that "the resolution should have no more weight than a similar expression upon the part of as many other citizens." The Banner then goes on to say that "the members of a general assembly are not elected to run the federal government or teach United States senators their duty."

This is as vicious and undemocratic a theory as we have ever seen advanced. It is a theory that the creature is superior to the creator. It is the legitimate offspring of that other theory prevalent in the federal capital that one man is superior to the platform to which he subscribed allegiance and to the party that selected him as an instrument to carry out its policy. It is the theory of autocracy-a theory that is more obnoxious to democracy than a constitutional monarchy.

From the foundation of the government It has been deemed not only the privilege, but the right of the general assemblies of the states to instruct the senators whom they have selected. When a senator has taken his seat it is only through the legislature that the people can make known to him their will on the occasion of any emergency.

This is a right that has been exercised on many occasions since the formation of our government, and it is only of late years that the right has ever been questioned. It would not be questioned now but for the growth of the pernicious and undemocratic theory that representatives are superior to those from whom they hold their commissions.

When a senator feels that his honest convictions will not permit him to obey the mandate of those to whom he owes his place, it is his duty to resign his commission, so that the will of the state as represented in the legislature may be

If The Nashville Banner will look into the history of our politics it will discover that very few occasions have arisen where a senator has so far forgotten his relations to those who have given him his commission as to hold his seat while still refusing to carry out their instruc-

As it happens in this case, the very egislature that elected one of the Kentucky senators has put on record its instructions in the matter of Peckham, and if this senator should refuse to comply it will constitute an entirely new precedent in our political history. Such a precedent will and ought to be the means of making the people more careful in selecting their senators. It is true, the people do not select them directly, but they have it in their power, nevertheless, to cause the election of men who will represent them.

We have already had too much of the one-man power!

### The Democratic Law.

In Texas, where the democratic party has been been divided into two factions, there is a promising movement under way to the harmony and unity that ought to exist among members of an organization who have one purpose in We say the movement toward view. unity is promising; but it is something more than that. There have been consultations between the leaders of the Hogg and Clark factions, and there seems to be no doubt that the situationin federal politics-a situation that amounts to a crisis in the affairs of the party-will enable the democrats of Texas, as well as the genuine democrats in every part of the country, to find a common ground of agreement. To this extent the prospect is more than hopeful.

The ground of agreement that has suggested itself to the democrats of Texas. as, indeed, it must suggest itself to all democrats, is to be found in the democratic platform. That platform is the constitution and the law of the party until it is superseded by a new declaration of principles, and, as such, it must be held superior in its demands, recommendations and pledges to the whims, opinions, desires and purposes of any man or set of men not authorized to change or abolish the platform.

In the crisis that has been brought upon the party in Washington, the whole country has an object lesson that ought to be a warning to every genuine democrat in the land. The crisis, which abounds in all the elements that promote disgust and disorganization, has been brought about by a persistent and partially successful effort to substitute the one-man power for the essence and substance of the desires and demands of the people as embodied in the democratic laws. For reasons of their own, which they will have to explain to their constituents, many members of congress have sought by every means at their command to substitute the opinions and de sires of one man for the demands of the party. They have sought to set up an autocracy—the one-man power—at the federal capital, and they have partially succeeded; and to the extent that they have been successful, they are responsible for the almost total failure of the democratic policy.

It will not do to criticise Mr. Cleve land for the results that the weak-kneed democrats-the patronage heelers and the collar wearers-have brought about. It would not be fair or just. Mr. Cleve land has opinions and convictions based on the facts of the environment in which he has breathed and lived, and had his being. Being a man of strong individuality, he holds strongly to these opinions and convictions. But it must have been as surprising to Mr. Cleveland as it was to the rest of the country to discover that the greed for patronage would enable him to control absolutely by a wave of his hand or a nod of his head, a large body of democrats who were pledged to the people to carry out the democratic policy set forth in the platform

It is the attitude of these men that has given the country an object lesson. Though the crisis is full of dauger, yet will ultimately be of great benefit to the party. The experiment will be disastrous to any further movement in the direction of autocracy-government by the one-man power. It has already exposed the thinly veiled efforts of the patronage heelers to convince the people that one man is superior to the platform and the party.

There is every reason to believe that the present crisis in the history of the party-and the most important in its history, all things considered-will strengthen the organization instead of weakening it. All the symptoms go to show that every effort to belittle the platform has made it more importantevery effort to repudiate the democratic policy has made that policy more pressing and more necessary. In the midst of their disgust and confusion, the people have discovered that their only hope for the future is the unity and harmony of the democratic organization. They have been driven by a most costly experience to realize that if the organization is to be given up because a few men in power have repudiated their party pledges the whole democratic policy must be surrendered.

Consequently, instead of new party experiments and confusing movements among the people, we see everywhere outside of Washington the most cheering signs. Factions, instead of drifting farther apart, are getting together. The Chicago platform is becoming more and more important every hour, and the party is gaining new strength from every attempt to belittle its purpose and defeat its policy.

The platform has become more than ever the rallying point of the forces of the democracy. The gentlemen at Washington who are prancing about the patronage trough, or who are sulking because they have not been admitted to the feeding place, know little of the strength of the spirit of patriotism that animates the people.

The party will be redeemed and its pledges will be carried out!

### No Man Is Their Master.

Mr. Morse, a republican member of the house, laid himself open to very severe censure on Monday.

In his place on the foor he referred to democrats acting "at the command of their master, the great Grover Cleveland." This remark was aimed by Morse particularly at the patronage democrats, but it fell upon Mr. Outhwaite, of Ohio, to take exception to Morse's language,

and demand that it be taken down. When this solemn proceeding had been gone through with and the objectionable words read from the clerk's desk, Morse rose to explain, but the speaker ruled him out of order, and then told him that | ports are the most convenient outlets for

his language was not parliamentary; that no member had the right to speak of a member of the house and senate as being controlled by their master, the president.

Speaker Crisp was right to rule Morse out of order. He had no right to say that the democrats have a master in the president. Matters have certainly not reached that point, and we hope it will be a long time before they do.

We are glad, too, to see that there is some degree of sensitiveness in regard to the language used by Morse. It would never do, as the situation now is, to have it go out to the world that such a charge was made and not denied.

We are glad Morse's words were taken down. We are glad he was ruled out of order. We are glad he was compelled by the speaker to withdraw his remarks. We trust the incident will be fruitful of good results all around.

The incident is not an unfortunate one. It has enabled the democrats of the house to put on record a formal statement that no man is their master. Not by any means!

### General Gordon's Lecture.

General Gordon lectures at the Grand opera house Thursday night, under the auspices of the Confederate Veterans Association, of Atlanta. He will deliver the same lecture that has been received with such marked favor throughout the north, and in several of the most ingportant cities of the south, in which he discusses in his characteristic style "The Last Days of the Confederacy."

The subject is a peculiarly fitting one for General Gordon to discuss, and it is not surprising that immense audiences have greeted him wherever he has spoken. The opera house should be crowded, and such a liberal response. as the announcement of his lecture de serves, will be beneficial not only to the Confederate Veterans' Association, which needs the funds that its percent age of the receipts will yield it, but more especially to the people who want to hear the lecture on account of its his-

### The Nicaraguan Canal.

A northwestern capitalist who has been looking into the thing, talks about the proposed Nicaraguan canal in this

The construction of the Nacaraguan caal will put us 2,700 miles nearer than Eng-and to the western coast of South America, 1,900 miles nearer Japan and 1,000 miles earer Australia than England is. It will shorten the water route from San Francisco to London 7,000 miles, New Orleans to San Francisco 11,000 miles, and New York

to San Francisco 10,000 miles. The construction of this canal will ena-American people to resurrect a ice rich and prosperous, but now uried, ocean commerce, and take a strong hold of the finances of the world.

New York, Chicago and New Orleans are midway of the natural track of travel and commerce of the world, consisting of the rich trade of western Europe flowing in its estern course and meeting upon our Atdirection from the vast population, now estimated at 900,000,000, of eastern Europe, Asia and Africa. This is bound to come about when the small natural barrier that now exists is removed by the proposed canal.

The figures given in the first paragraph will convince every American citizen that it is our best polby to aid in the construction of this canal, and to control it after it is opened. Direct trade is the greatest need of the south, and this canal will be the best possible method of inaugurating it.

Whether the government or private capital should push the enterprise through is another question. When our large-minded statesmen give the matter their deliberate consideration we may expect profitable results.

### An Industrial Revolution.

In the early history of this country it was generally believed that manufacturing interests would never flourish in the United States. John Randolph went so far as to say that if we built up large manufacturing towns as far north as New York yellow fever would rage there all the year round.

In the course of time the yellow fever ceased to visit the northern cities and was driven so far southward that it is no longer a menace to any section. Despite Randolph's prediction, the north has become a great manufacturing section and has prospered.

This industrial revolution will continue its march. The south is filling up with millions of people who have opened their eyes to the fact that they cannot live by agriculture alone, and certainly not by one crop. Diversified agriculture has been forced upon us by the necessity of the situation, and the same causes have led our people to begin manufacturing their raw material at home, in sight of the fields, forests and mines. In a recent editorial on this line The Memphis Appeal-Avalanche says:

It is impossible that the south should remain a merely agricultural region. It is against all laws of trade that it should do so. It must come that manufactories will seek the field of the raw material, especially when, in addition to other advantages, a salubrious, warm and equable climate is added. There is no doubt that the tendency of the immigration of both capital and labor is now southward, and now is the time of all times when our laws should be adjusted so that there shall be the least possible interference on the part of the tax-gatherer. Our southern legislatures should be alive to the opportunity. The recupera-tion of the farming interest will, we have no doubt, be greatly accelerated by the passage of the Wilson tariff bill, which will open new markets to both the farmer and the manufacturer. The prosperity of the latter depends directly upon the prosperity of the former; when the farmer can buy the manufacturer can sell. It is the mission of the democratic party to effect this adjustment and it will not be swerved from its purpose by those who, under the operation of the McKinley law, have been able to maintain money, farming and man-ufacturing trusts, thereby making toiling

slaves of American freemen. Transportation facilities have increased so rapidly in the past few years that many southern cities are now better distributing points than the big cities of the northeast. Atlanta, for instance, would be a better purchasing center for Mexico, Central America; South America and the West Indies than either New York or St. Louis. But in order to build up such a market here we must take our raw material and put it into merchantable shape. We cannot send it to New England, ship it back to this city and then sell it to the countries south of us. Mills and factories located here can turn out goods and sell them cheaper than their competitors a thousand miles distant, and the south Atlantic and gulf

our export traffic. When these features of the situation are considered the conclusion follows that under the natural laws of trade an industrial revolution must occur in this country, and the result will shift most of the great manufacturing plants of the northeast to the south. The movement is now in pro gress, and it will not be many years before the southern centers of industry will be in the front rank competing with New York, Lowell and Fall River. This change will build up our cities and towns and give our furmers profitable home markets. All this means a golden era for the agriculturists and wage workers of the south, and every southerner with capital and enterprise should do his level best to expedite these favorable condi-

Now that the democrats of the house have denied things, it is incumbent on the senate cuckoos to say something that is not down on the regular programme.

All democratic factions can stand on the democratic platform. It is big enough for the third party, too.

It has been formally denied by the demo crats of the house that the president is their master. Surely this ought to set

The democrats of the house took the first step toward redeeming the financial plank of the platform. It was a step that tool the country to the single gold standard. When do they propose to step off? Mr. Peckham's chief distinction seems to

be that he is a fairly good lawyer and a consistent anti-democrat. Now is the time for the cuckoos to get in their little work

It is a big thing to be an anti-democrat than it is in Georgia.

### EDITORIAL COMMENT.

The taxpayers of Kentucky are requested to sign a printed oath after making up their tax lists. General Cassius M. Clay, of Whitehall, after erasing this, wrote and signed the following of his own: "The signer solemnly swears that the railway porations of the state and nation have taken possession of the highways and ex-ercise on him and his lands and personal estate unlimited power of taxation, when he has no representation, and their de crees are enforced by a hireling army unde name of detectives, using force with-orders from state or nation; that, on 18th day of September, 1892, he had not made a dollar on his personal and rea estate, but, on the contrary, had expended several hundred dollars in the payment of his laborers; that he has nothing that he can sell at a profit, and, having been reduced from affluence to poverty, while hon estly working for a living, and paid all to the usurping railways and their allies. plutocracy of the United States, he is unable and protests against paying anything more to the commonwealth of Kentucky, or to the United States of America, except of the United States, he under forcible compulsion, until the on republic resumes the liberties inherited by ur fathers. And God defend the right

Many shoe stores and some shoe factories now make it a point to prevent women from finding out what size shoes they are buying. That seems curious, but it grows out of a peculiarity of womankind gives the shoe clerks a great deal of ble. They say that the majority of will not try a shoe that is the right size They nearly all want them too small. It often happens that a woman buys a sh which she has declared to be the fortable that she has ever put on her feet. Then she gets home and sees the number, or sees it before the purchase is wrapped up, and if it is a shade larger than she has been in the habit of buying she wil not take the purchase. On this a there has grown up a custom of m shoes with a ciptor to m, which on manufacturers and dealers can under The result is that many women are more wisely shod than ever they were before

The Washington Post says: "February Scribner's contains a most touching instructive story of the hurricane visited the sea islands early last fall is from the pen of Joel Chandler Harris, and is written in that popular author's most charming vein. The next number of Scribner will contain another paper from Mr. Harris, in which he will give the details of the relief work now in progress under the auspices of the Red Cross Society.

The New York Sun arraigns its party in the following fashion: "Where is the vital and puissant democracy that once we knew? Is there no leader left, with the courage of Andrew Jackson, and the wis-dom and humanity of Thomas Jefferson, to rise up and smite the impostors and con-spirators of this luckless day, and by one mighty word free the party of the American people from such fools and tricksters?"

James McDonald, of Deloit township, Holt county, Indiana, filed upon a quarter section of government land when he was ninety-six years old and has just completed his residence, tendered proof of it at the local land office and received title to the land. He is now one hundred and one years

George C. Hunter, of Oakland, Cal., has ust come out of the surgeon's hands without a memory. His skull was fractured by a flying bolt and the brain was injured. Although he is now otherwise perfectly well, he cannot remember his wife or his mother. Although he had a good education he can now neither read nor write.

### PROMINENT CEORGIANS.

Savannah Press: Captain John L. Harde-man, the gallant soldier-lawyer, has re-covered from the grip. He is just in time to run for the state senate.

Enquirer-Sun: Hon. Bill Clifton disarms any apprehension about his political movements by emphatically denying that he has any intention of opposing Congressman Lester in the first. He says he has always been a Lester man and will continue so as long as Colonel Lester cares to repre sent the district.

Hustler of Rome: Congressman Maddox's Hustler of Rome: Congressman Maddox's views are so sound and so thoroughly in accord with public sentiment that he has the solid support of his constituents and there is no talk of an opposition candidate. We do not know a southern congressman who is more closely in touch with his people and the democratic masses of the country, and we do not know of one who has made a stronger and a more convincing reach; in favor of the income tax. The speech in favor of the income tax. The democratic platform has no more loyal and able advocate than the brainy representative from the seventh.

## SOUTHERN NEWS NOTES.

The Texas Reform Press Association wil meet at Dallas on February 17th.

At Union Springs, Ala., a woman fell dead while carrying dishes from the kitchen to the dining room. Her death was not known a servant stumbled over her pros

Ed. Grimes, of Jefferson, Tex., who went to Texas in 1859, and who has been in the employ of various railroads ever since, is the oldest railroad man in the state. In Wilkesboro, N. C., a day or two ago,

a large procession rode into Goshen on horseback. A color-bearer carried a nation-al flag. A magistrate was called out, and married two couples on horseback, the flag being held over them.

Near Cocca, Fla., a man was exhibiting what he claimed to be a tame wild cat that performed many tricks. During the performance the cat became unmanageable, and springing on its keeper severely bit him on the throat. It had to be killed before it would release its hold.

JUST FROM GEORGIA.

An Editorial Tragedy. The editor sat in his easy chair And wrote: "The winter is hard: And we needed wood"\*\*\* Ere the ink was dry

The wood was pitched in his yard! Amazed, he blotted the lines and wrote:

"Our groceries soon will go."
When a loud voice cried from the door out "Here's a barrel of flour below!

When he heard a call from the outer hall:

With fear and wonder and joy he still Wrote on: "Our clothes are gone."

"Try this suit from the tailor's on!" "But little of cash we hold." When over the door, to his office floor Came hundreds of dollars in gold!

Too much, too much! from the place he ran And boarded a flying train; and some time later a raving man Was labeled: "Gone case. Insane!"

—F. L. STANTON.

Professor W. F. Grace, of Atlanta, has been very successful in giving a musical setting to many Georgia poems. He is a musical composer of the first order, and his work is well received everywhere.

A Hint to the Candidates Get the office well in view: Swear that you will win it; Give a great big barbecue, Speech—and then you're in it.

Variety is the spice of life and it may be remarked that The Hustler of Rome is pretty well "spiced."

### A True Party Man.

"Jones is a true-blue party man."

Love in a Horse Trade.

The Harmony Grove Echo says that there was a marriage booked for last Thursday night in less than twenty miles from Harmo-ny Grove. On Wednesday before the wouldny Grove. On Wednesday before the would be groom sent the following message to his

"I am on a horse trade. How would it suit you to put off the marriage until I can ake the trade?" last Saturday Seab Smith made an awk-

Sorely disappointed, but not hopeless, she sent him the following message:
"If you are certain that the horse you are trying to trade for is not mooneyed or are trying to trade to is not hooting a stum-sucker and will work well to a roadcart and singlefoot under the saddle, o' course, I will wait, but, oh, dearest, don't waste a moment. I am dying for the happy time to come when I can call you mine to have

It Is Probably a Mistake Editor Constitution-A Savannah dispatch n a New York newspaper quotes Hon-Fleming G. duBignon as endorsing a bond loan, and this information is coupled with the statement that "Mr. duBignon will no doubt succeed Senator Colquitt."

There must be some mistake about this! In the first place it Mr. duBignon endorses the federal bond issue, his friends in Georgia do not know it. obody knows just at this time who will be Senator Colquitt's successor. But it is certain that no man can be elected on a platform endorsing a vast increase of the bonded indebtedness of the country at this

time. I feel sure that Mr. du Bignon has been grievously misrepresented, but as he has been quoted he should not hesitate to put himself on record, for which I have doubt The Constitution will cheerfully place its columns at his disposal and I make the request of it as Mr. duBignon has been prominently mentioned in connection with the senatorial promotion.

BARNESVILLE.

TALK OF CEORGIA TOWNS.

ington Star: "Some one wants to know if one of Gov-ernor General Northen's soldiers had been killed in the late campaign, whether his widow would have been placed on the Geor-gia pension list? Why not? Wasn't he lighting in defense of his state?"

The Brunswick Times says:
"The Georgia State Agricultural Society is composed of a jolly nice set of farmers, and the probability is that they will plant a crop in Brunswick that will thrive all the year around."

The Jonesboro News has this suggestive

"Our farmers need books and papers that treat of topics that concern them as much as the lawyer and physician, and why not give them the benefit of a free delivery of mail matter."

Says The Savannah Press:
"The people of Tatnall county say they don't know much about 'hard times' except what they learn through newspapers. This is good news."

Hale's Weekly throws out this suggestion to capitalists: What Conyers needs most at present is an enterprise that will give employment to women and children. There is a vast amount of labor of this class that needs employment and needs it badly."

The Cause of Depression. From The Memphis Avalanche.
If any one desires to know the cause of

business depression, he may find it in the New York weekly bank statement. The deposits of the great banks amount to \$546,694,400, which is by \$4,000,000 the highest ever known. The surplus on hand is \$109,-000,000 above the legal requirements. Loans have decreased. Now, can any one wonder that Wall street is powerful, when so large a proportion of the country's money is controlled there? Prosperity will depend upon the determination of these New York bankers to put this money into circulation. It is for the west and south to tempt them. But one is appalled at the thought of the tremendous influence upon trade the mere caprices of the New York bankers may excaprices of the deep caprices of two deep caps. It would be well if we could have another money mart in this country equal to that of New York, but it seems to be a law of finance that there can only be one money center in a nation. As in Great Britain all money moves to London, so in this country its tendency is toward New York. We may see from the evidence of the pleth-ora of money in New York why it is that secretaries of the treasury deem it proper to consult New York bankers for advice, and it is equally plain why the people out-side of New York should take the new bonds which Secretary Coulcide. side of New York should take the new bonds which Secretary Carlisle will issue tomorrow. If they should do this, it would cause them to take just that much more interest in the government. The dispatches yesterday reported that the New York bankers had practically decided to bring Mr. Carlisle to terms, and were disposed to allow him to awart their convenience—in other words, to cool his heels in their anterooms. The people do not like that sort of thing and inclines them to revolt, yet the fact remains that the people themselves have deposited \$300,000,000 in New York banks, there-

by enabling those banks to become their lords and masters. It is a fine subject for the student of economic laws. We denounce Wall street and Wall street methods, yet our money goes there in steadily increas-ing volume. While starving out in the west and south, those who starve continue to make the New York bankers richer.

### ABOUT THE GOVERNORSHIP.

Milledgeville Recorder: In last Tuesday's issue The Atlanta Constitution, commenting upon an extract from The Buena Vista Patriot, urges Hon. W. Y. Atkinson to withdraw from the gubernatorial race. We think that this is the wisest policy Mr. Atkinson could adopt. At this time unity is what is needed in Democratic ranks, and it should be the desire and aim of every democrat that the old-time unity, which has always marked the democratic party should still prevail. This will not be the case if our state goes through a heated can paign. It now seems that General Evans is the man around whom the democratic forces have determined to rally. Many of our citizens, who are now opposed to Mr. Atkinson, would readly give him their support, but they are not willing to turn their back on General Evans. ack on General Evans, a man with whor many of them faced danger during the late civil war.

Macon Evening News: The small and rap-Macon Evening News. He distinson papers idly dwindling number of Atkinson papers in the state, while conceann the city paths that a majority of the country press is against General Exans in the gubernatorial race. According to our observation the claim is utterly groundless. The leading weeklies of the state are questionably for the man who fanned the bullets from his face, and judging from their utterances, by far the greatest number are for him.

Lovejoy Picayune: You have a right to your choice but we favor General Evans's candidacy, as he is the people's choice. The tirade made about the general residing on Peachtree street is all bosh. He has right to dwell wherever he pleases

Augusta Herald: Evans seems to be growcorner of the state comes news of the or-ganization of clubs to rally for the G. O. M. Augusta News: There is an Evans club in Augusta which is composed of all the leading men in Richmond county, who will see that the honored candidate becomes Georgia's governor.

Lovejoy Picayune: Evans clubs are being founded all over the state, and from all appearances it seems that the other can-didate has not a "ghost of a chance."

### . RURAL LIFE IN GEORGIA.

Oglerhorne Echo: There is a young lady about here who is raising pigs. She marks them by cutting their tails off very short. This enables the pig to sit down without iny trouble Then it takes one bushel less of corn to fatten them.

Sparta Ishmaelite: Dr. R. G. Stone has got the largest horse in this district. L. Duggan has the largest dog of the St. Bernard species, and weigning 115 pounds at eight months old.

Flovilla Headlight: While out hunting

ward shot and put about twenty shot in the face and limbs of Percival Elder Macon County Citizen: A little ten-year-Mr. Josh Cumingham's plantation, de-cided to make some scientific experiments last Sunday while his father and mother attended church. Filling a large neck with gun powder he dropped in a coal of fire and looked down the gourd neck to

ee the effect. The effect was wonderful but the little negro did not see it Dahlonega Signal: The 107-year-old gentleman-Sargeant, who died in our county last week, was married only about nine

Noberta Correspondent: There was a big fun frolic yesterday over a rabbit that chanced to run into the streets. The little fellow finally made its escape after being chased for some time by about twenty men and four or five dogs. They thought it was a big rat that had lost its tail.

Hale's Weekly: Plenty of fresh air and resh meat in this community. Why should we not be happy? A certain man having eaten so much fresh meat, and became hog-like, was seen coming down the road with a brush in his mouth and being asked what he meant, said, "gosh! gosh!" and

### into the woods he went. GEORGIA AND THE TARIFF.

Augusta Herald: The bill will now go to the senate, where such things as enthusiasm and brevity are unknown. In their tardy and droll way, the august senators will, four or five months from now, proba-bly, pass a bill based on the Wilson bill. Woe be unto the man who hints at enthusiasm or at "going wild" in the senate! slasm or at "going wind in the senate. We are to expect speeches of a fortnight's duration and the rehashing of house arguments at the greatest imaginable length, without the nope of changing or affecting a

vote. Brunswick Times: It is with the senate now to largely remedy the trouble by a rapid settlement of the tariff issue. Failing in that and proper financial legislation as sought by the south and west, there is danger of democratic disruption. This is a practical age and the people will force measures that promise opportunities of business relief.

Athens Banner. The action of the house of representatives in passing the Wilson bill was glorious and the decided majority by which it passed shows conclusively the

pulse of the people on that subject. Americus Times-Recorder: Now let a democratic senate speedily pass the tariff reform bill, and the party will be ready to go before the country for the approval of

## Thomasville Times: The country will held the senate to a strict accountability for the prompt passage of the Wilson bill. SILVER IN GEORGIA.

Americus Times-Recorder: With tariff now out of the way, let the house der crats turn their attention to silver. Dem racy is pledged to it: it was one of the great promises upon which it won victory and is of vital interest to the people. Let democrats come together upon the subject

without needless delay. Covington Star: We were told that the act brought on the panic and that its re peal would re-establish confidence restore prosperity. Well, the repeal bill has passed, and where is the fulfillment of the promises made us by the single standard men and papers? Stocks have not advanced, and whatever changes have oc-curred in them have been entirely the re-sult of other causes. Cotton has fallen. wheat has gone down, and the mills and mines are still closed. It is very apparent that so-called great men and statesmen make mistakes, and have made it in this case. The contraction of the currency is depreciating values and the whole country is suffering from it. We need more money, and congress should give its attention to our financial affairs.

### BIG GEORGIA PORKERS.

Ringgold New South: The Belt leads with the largest hog. Mr. Helm Hunt killed one that weighed 485 pounds.

Valdosta Times: Mr. C. Strickland, out esteemed fellow townsman, has killed and saved up to date 4,546 pounds of pork and has yet to kill fifteen or twenty more fine porkers. Who says south Georgia was behind on pork raising?

Irwin County News: Mr. John Smith, who lives four miles east of Sycamore, killed three twelve-months-old hogs last Saturday that weighed 329, 294, 266 pounds respectively; total 580 pounds. Buena Vista Patriot: Mr. Pryor. of Lee county, killed a hog the other day that net-ted him 700 pounds of pork, besides making sixteen gallons of pure leaf lard. rving the Dodge sion in

trying the Dodge of a Secret Session in Atlanta.

THE PEOPLE AGAINST SUCH METHODS

cilman Stockdell Quite Lonely in His Scheme - It Provesa Triumph for Captain Brotherton.

That secret session of the general counci; gonday afternoon, on Mr. Stockdell's motion, has precipitated one of the warmest lanta has known in years.

Atlanta has known in years.

And the indications are that the fight will not only grew still warmer, but that it will result in thwarting the very thing. In Stockdell sought to accomplish when he shoved the people of the city out of the council chamber at the point of the city marshal's bayonet.

marshal's bayonet.

In fact, it may now be said that Captain
W. H. Brotherton will, beyond all doubt,
be elected a member of the police com-

mission.

Those who are at all posted in the past political history of Atlanta are aware of the fact that there has never been the warmest feeling politically between Mr. Stockdell, the member from the second, and Captain W. H. Brotherton. Both gentismen are warm personal friends, so the story goes, but for some reason they have never been running mates in political games. Years ago Mr. Stockdell was a member of the addermanic board, and during that time—it was his first step of manicipal politics—Captain Brotherton was an active quantity in the same work. The an active quantity in the same work. The legends which come down from those days indicate that Mr. Paul Jones, then a prominent member of Atlanta's commercial field, and Captain Brotherton, were pitted against each other in a fight for some position, and Mr. Stockdell was one of the gentlemen who had a vote in the settlement of the resettlem. an active quantity in the same work. The

That legend asserts that when the time the for the voting, Mr. Stockdell was down in Florida, and that Mr. Jones was much disappointed because he was rety much disappointed because he was not here when the time came for the counting of noses. Just how it came about so one knows, but it seems that about that time the friendship, politically, between Mr. Stockdell and Captain Brotherton was strained. But why it should have been

strained. But why it should have been cannot be told, because there was no friendship, politically, between Mr. Jones and Captain Brotherton.
Only the oldest oracle in the city can tell about that campaign, and he could not be found yesterday.
That Mr. Stockdell sought to throw the mantle of secrecy over his efforts to de-

and acceptably, and has been thrown into the race by a great following, was on the sidewalk, but while he did very little talking, his praises were sounded by friends who want him in the commission. That Mr. Hill lost no ground during the day is certain, but whether he gained enough to assert that he will be elected is not sure. Mr. Walter Brown, who was once a member of the commission, was put in the race by his friends, and before the evening hours were well on the members of the council, who will have to vote for two members of mantle of secrecy over his efforts to de-feat Captain Brotherton is certain. No one doubts who is acquainted with the fact that Mr. Stockdell asked for the first ecret session the general council has had in years, and that during that session he made charges, direct and indirect, against

made charges, direct and indirect, against a gentleman who has always been one of Atlanta's best and most loyal citizens, a citizen who has never failed to carry his portion of the public burden when it came his way.

And that Captain Brotherton has done his work well in public places needs no better endorsement than the fact that more than one member of the general council was ready to spring to his feet and sustain him, it may be said, ready o refute the charges made against him by Mr. Stockdell, and made when the captain was at his place of business and in total ignorance is place of business and in total ignorance of the fact that the members of the local ignisiature were even thinking about him. city has a citizen more appreciative of be worth of a public official than Atlanta in Mr. Nelms, of the seventh ward, when he heard of the charges against ain Brotherton he was on his feet to mute them, though there has never been an of the warmest friendship between the cutain and the member from the seventh. Ide Mr. Nelms, there were others present who were ready to speak for the absentee, whose name was thrown into the whirl-wind of a secret caucus, but the words of

Mr. Harman to adjourn.

Echoes from that session indicate that the presence of the marshal would have necessary had not the adjournment ben so quickly secured. It is said that Mr. Martin, Mr. Welch of the fifth, Mr. Welch of the second, Mr. Dodge and two my something in reply to the remarks of Mr. Stockdell, and that the debate would ave grown quite warm is a certainty had ot the cool head of Mr. Harman, of the with more enthusiasm than any motion the

city council has had in a long time.

It was the newness of the secret session, and the great care with which it was guarded, that made the reporters of The Constitution the more energetic in probing the matter. And when The Constitution, resterday morning, gave a complete report of what went on behind the closed doors It not only made many people angry, but It put the friends of Captain Brotherton to work, and before night they had every assurance of the election of the gentleman whose defeat the secret session sought to accomplish. Not only did it arouse the triends of Captain Brotherton, who are numbered among the working men in politi-cal lines, but it aroused friends of the sentleman, who are rarely heard of in po-litical work, aroused them, too, to such an ent that they turned out and took a hand in the field work for the day, declaring that when a man was on trial he should be allowed a chance to defend himself.

That Mr. Stockdell attempted to secure the defeat of Captain Brotherton in that secret easion by securing the pledges, if his measure had gone through, of the members aused some off the captain's friends to lear that another caucus might be attempted, and this they decided to thwart. Some one quickly prepared a paper pledging the members of the general council not to enter a caucus for any candidates for the

me quickly prepared a paper pleeging the members of the general council not to enter a caucus for any candidates for the police board and to enter into the election in an open fight in the general council on the first Monday in March. That paper was taken around among the members of the general council and as fast as the members could be found the paper was signed until more than a majority of names had been secured. The gentlemen who attached their names to the paper compose, as has been said, a majority of the council, and if those who have not signed were to caucus they could accomplish nothing, as they are in the minority.

That each member will keep his promise not to caucus in the coming election is beyond all doubt. They are members of the general council and are gentlemen who have never failed to entertain the respect and confidence of the people they represent. Probably no class of people criticised Mr. Blockdell for his secret session movement more than the members of the general council who are now serving the city with him. Somehow the people of Atlanta have grown accustomed to the rule set by the Hon. John Tyler Cooper when he declared that there should be no secret session of the legislative body, and the members of the legislative body, and the members of that body have been knowing that line of work so long that they themselves abhor anything like a secret from the people who have placed them in the places they are filling. All along the line yesterday the members of the council were condemning the fact that anything like a secret session of them talked.

"When Mr. Stockdell," said Mr. Stephens, moved for the secret session I along the line way some of them talked.

"When Mr. Stockdell," said Mr. Stephens, moved for the secret session I along the line way some

of them talked.

"When Mr. Stockdell," said Mr. Stephens, moved for the secret session I thought he did so for something connected with the finances of the city, as he is the chairman of that committee. I was dumfounded when I found what he wanted, and had I known it I would never have voted for the in that way in mine."

"I'll never." said Mr. Welsh, of the secret session.

in that way in mine."
"I'll never." said Mr. Welsh, of the fifth,
"have anything to do with a secret session
if I know it. I don't think that is a part
of my sworn duty. I am there to work for
the people of the city of Atlanta, and I am
of the mind that they ought to know what

we are doing, and when the time comes that we want to do something we don't want them to know, then it is time for us to step down and out. If I ever hear of a motion for a secret.session again, and know or learn that it is for the same purpose as the one on Monday afternoon, I'll leave the council chamber before I'll be a party to it. See if I don't."

There Was a Good Deal Accomplishment of the relative that the relative the council chamber before I'll be a party to it. See if I don't."

"The first intimation I had of the nature of the secret session," said Mr. Dimmock, "was when Mr. Stockdell made his statement. I don't take any stock in secret sessions. I'm a servant of the city and am willing for the people to know and see all I do in my work for the city."

"It was a great mistake on Mr. Stockdell's part," said Mr. Martin, "and I'm sorry he did it, but then he thought, maybe. ed Yesterday

"I wasn't there," said Mr. Howell, "and of course, had no finger in the ple. Had I been there, and known that a secret ses-sion was to be held for that purpose I would

sion was to be hear for that purpose I would have voted against a secret session. I served three years in the council and never saw the occasion for a secret session unless it was on a matter of finances, and that all came out later when the public should have because it?

And so it went through the entire roll of

And so it went through the entire roll of members. Not one of them approved a secret session, and none of them thought that a man's character should be discussed behind closed doors.

But while the work of the secret session was productive of work on the part of Captain Brotherton's friends who desired to make his election sure, it caused the friends of the other candidates to get on a hustle. Mr. C. A. Branan, better known as "Bud" Branan, once one of the best known and reliable railroad men in the city, took the

reliable railroad men in the city, took the warpath, and during the day curbstone caucuses were numerously observed. Mr. Branan and his friends worked vigorously

for election, but whether any good was done for the gentlemen only the voting day will show.

Mr. Gramling, one of the incumbents who wants to be returned, was cleverly mingling with the members of the council, ask-

ang for a return to the place he has filled acceptably since his election.

Mr. William Laird, who has shown himself one of the sensational members of the board by attempting to legislate against

skirt dances and other matters of that kind,

was along the line too, and none of the members of the council escaped him.

Mr. W. P. Hill, who left a chair in the council on the first Monday in January, after serving two years most faithfully and acceptably, and has been thrown into

who will have to vote for two members of the police commission, went to bed last night with more candidates than places staring them in the face, and with some of them there were more promises than can be carried out.

Just now the race is rather badly mixed, except in the case of Captain Brotherton, whose election is a ten to one shot.

A VALUABLE ACQUISITION.

So Says The Macon News, and Atlanta

Gets Him. Of Dr. J. Harvey Moore, the oculist who

CLEVER DETECTIVE WORK.

Detectives Wooten and Green Recover

a Stolen Money Box. A money box, containing \$957, was recovered by Detectives Wooten and Green yesterday and restored to the owner, Mr. W. J. Trammell, brother of Collector Paul Trammell.

It was a splendid piece of detective work

and reflects great credit upon the officers who found the money only after an industrious search. The box was taken from Mr.

robbery.

The box was found in one of the unused

rooms in the building, where it had been placed by the thief, evidently some one employed about the building. The officers could gather no direct information as to the thief, but the hiding place of the box was divinged to them.

was divulged to them by a young man who had access to the room from which the money was taken. The case has been dropped as the money has been restored to Mr. Trammell.

POSTPONED UNTIL TODAY.

The Clearing House Association Was

to Have Had a Meeting Last Night.

There was to have been a meeting of the clearing house association last night. On account of the absence, however, of one or two of the members, who were unavoidably detained, the meeting was postponed until this afternoon at 4:30 o'clock.

THAT MYSTERIOUS TRUNK. - The

AT HEADQUARTERS OF THE EXPOSITION

The Ladies Were in Session and Meet Again Today-The Charter Has Been Secured-What It Provides.

It was a busy day at exposition headquar-

dell's part," said Mr. Martin, "and I'm sorry he did it, but then he thought, maybe, he was doing what was for the best. I don't want a closed door to work behind for the city. The people had faith in me when they elected me and I have faith in them now, and am ready, willing and anxious for them to know all I do."

"I never was for a secret sesson," said Mr. Joe Hirsch, "and was at the first of it when the announcement was made after. ters yesterday.

During the morning Director General Palmer spent some time in court securing a formal charter for the exposition com it when the announcement was made after the doors were closed yesterday afternoon."

At noon the lady members of the committee met and for several hours they were in session, at work on preliminary matters of vast importance to the woman's depart-

And all day some of the members of the board were at work on different features that are very immportant to the preliminary

The Charter Obtained. Judge Lumpkin was to have adjourned court Monday, but he held over until yesterday for the express purpose of giving Director General Palmer an opportunity to secure the charter. This was done, and duly signed by the officers of the court. The charter names as incorporators Messrs. S. M. Inman, W. D. Grant, R. D. Spalding, Charles A. Collier, R. B. Bullock, S. F. Woodson, Clark Howell, J. G. Oglesby, W. A. Hemphill, H. H. Cabaniss, Anton Kontz, R. J. Lowry, J. W. English, E. P. Chamber-R. J. Lowry, J. W. English, E. P. Chamberlin, M. F. Amorous, Joseph Hirsch, J. R. Wylie, E. C. Peters, C. E. Harman, John A. Fitten, Forrest Adair, Phil H. Harralson, B. F. Walker, W. G. Raoul, H. T. Inman, Frank P. Rice, Joseph Thompson, Julius Dreyfus, Grant Wilkins, John B. Goodwin, J. T. Glenn and H. E. W. Palmer.

The incorporation is for a period of twenty years. By the charter the Cotton States and International Exposition Company is

and International Exposition Company is given all the rights and powers incident to corporations—"to sue and be sued, to have and use a common seal, to make by-laws binding on its own members not inconsist-ent with the laws of this state and of the United States, and to alter the same at pleasure; to receive donations, to purchase, lease, hold and convey property of every description, to borrow money, issue bonds and to secure payment of same by mortgage or otherwise upon all of its income and property; and generally to have and exercise all of the powers incident to corporations and to do any and all things which have been decreaded as the component of the corporation of the corporati may be deemed necessary or convenient to

fully carry into effect and accomplish the object of said company."

The capital stock is fixed at \$200,000, in shares of \$100 each, with the right to increase from time to time to a sum not exceeding

The particular objects of the corporation and the particular business to be carried on are set forth as follows: "To hold in or near the city of Atlanta in said county and state, an exposition, at such time as may be determined, of the products and resources of the cotton states and other states of the United States and of all other countries, and of the appliances, machinery, inven-tions and devices used in the cultivation, preparation, manufacture and use of such products and resources, together with exhibitions of works of art and inventions of all persons who may exhibit the same under such rules and regulations as may be determined; that said corporations will make such charges for admission to said exposi-tion and for exhibits and for the use of power, space and other privileges, and col-lect the same as may be deemed necessary and proper."

of Dr. J. Harvey Moore, the octains who opens his permanent offices at 203, 204 Kiser building The Macon News has the following to say after a brief visit to that city:
"Dr. J. Harvey oMore, who has had an office here for the past three weeks, closes Tuesday night and leaves for Augusta. Dr. Moore, here made many friends during his The Woman's Work. It would have been impossible to have secured a more efficient committee than that now in charge of the preliminaries in this important branch of the exposition-a branch which seems destined to be one of the most important features of the great

omce here for the past three weeks, closes Tuesday night and leaves for Augusta. Dr. Moore has made many friends during his short stay in this city, and he leaves town with the good opinion of every one who came in contact with him. During his stay here a large number of persons were treated by him for various allments and all seemed benefited. His cross-eyed surgery is remarkably successful. Some of his patients were seen by us since they were operated upon by him. Their eyes are straight, sight improved and they experienced not the slightest pain or discomfort from the treatment. They speak highly of Dr. Moore's skill. He is a quiet, unassuming gentleman, courteous, kindhearted, and at once creates a favorable impression. In his business relations he is honorable to a high degree and prompt in discharging all obligations contracted by him.

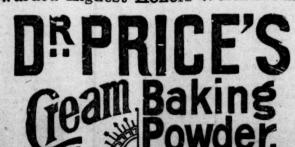

"It is Dr. Moore's intention to settle permanently in one of the largest cities of Georgia and establish a sanitarium for the treatment of the discerned. show. Mrs. Gordon, Mrs. Barrett, Mrs. Inman, Mrs. Felton and Mrs. Lanier all were on hand yesterday and they spent several hours discussing matters of importance to the weman's department. Today they will meet again and it is probable that they will be able to announce the other members manently in one of the largest cities of Georgia and establish a sanitarium for the treatment of the diseases of which he makes of the committee of twenty-five and the others who are to take part in the upbuilda specialty.
"Dr. Moore would nake a valuable acquisition to any community and to the entire south." ing of what is destined to be a grand work for the women of the south.

"We had a most delightful meeting," said Dr. Moore announces in his advertisement that he will straighten by his painless meth-od the first case of cross-eyes calling on him. Mrs. Barrett last evening, "and it was genuinely harmonious throughout. found that we all had about the same ideas and we believe that we will be able to be of genuine assistance in this work. We realize how important it is and for that reason we are not going to take any step hastily. It is a pretty hard task to name a committee as we have been expected to do, as there are so many splendid women in Atlanta, through Georgia, and throughout the south whose assistance we shall need and shall expect in making this woman's department a success. But there trious search. The box was taken from Mr. Trammell's room in the custom house building, and as soon as he missed it he reported the loss to Chief Detective Wright. Chief Wright detailed Detectives Wooten and Green on the case, and they went to work on it, determined to recover the money if possible. There was no clue to begin with, and it was not until the detectives had worked hard for two days that they got an inkling of the truth about the robbery. is a great deal for all to do and from the expressions we have heard on all sides we feel satisfied that the women of the south, one and all, will take hold of this in genuine earnest and will make it one of the most important features of the exposition. We want to go a good deal farther than that. We want to make it the finest display of woman's work that has ever been seen in the world and we believe that we

will succeed." All of the ladies heartly endorse this last sentiment and while their plans have not matured sufficiently to be given to the public, it is safe to say that when they are everybody will endorse what they have done and it will be seen that they have laid the foundation for a magnificent work. Judge Palmer Is Enthusiastic.

"You can just say," said Director General Palmer, "that from now on things are going to hum. We have necessarily had to wait for our charter before going ahead at any great rate, but we have got that now and you will see that everything will be on the move from right now. I want to say that we have received the most re-markable encouragement from all sources. The people of Georgia are all enthusiastic. This is true not only of Atlanta, but in all the other cities in the state. Then from all parts of the south we hear the same story. This is one of the most encouraging feat-This is one of the most encouraging features we have met in our work. We want every part of the south to be interested and we believe that not only Atlanta, but every city in the south, will take a personal interest in this work. When this is done you can readily imagine a wonderfully great attendance from our sister southern states and we know that if the expection. states and we know that if the exposition

THAT MYSTERIOUS TRUNK.—The trunk that Mayor Goodwin captured from two thieves in the rear of his home night before last, has been returned to the owner. The detectives set to work to find the owner yesterday morning, and last night it was learned that it was the property of Mrs. Jones, of 100 South Pryor street. It was returned to her. The pobbers have not been located. Mrs. Jones was not aware that the trunk had been stolen until it was returned to her by the officers. Awarded Highest Honors World's Fair.

is anything like we expect to make it we will have a great attendance from the northern states. In fact, I know there is no question whatever of attendance and of the benefits derived from a large attendance. All we have to do is to go ahead and get up the show. The rest will come; there is no possible doubt of it. Yes, indeed, he added, "the Cotton States and International exposition is going to boom from right now until the gates close at its end,"

ATLANTA SEEMS A FAVORITE. She Seeks to Have the Next Grand

Army Encampment.

From The Milwaukee, Wis., Sentinel.

Atlanta is making a vigorous fight for the next national encampment. For some years there has been a growing desire to meet in a southern city. Has the time come for such departure? Surely it would please men who served in the eastern armies to make such a trip—a journey that would enable them to see so many other battlefields of the war. Surely it would please all who fought from Louisville to Atlanta to meet there. The northwest can hardly claim the next meeting. Within ten years it has been at Minneapolis, Milwaukee, Indianapolis, Detroit and St. Louis, though the latter is a little out of the line. We present a few interviews on the subject:

Pension Agent Woodnorth—Nashville or Atlanta will suit me. Army Encampment.

Pension Agent Woodnorth—Nashville or Atlanta will suit me. Colonel C. K. Pier—Count me for Atlanta. A. G. Weisert, Past Commander-in-Chief—Atlanta is all right; it will be agreeable

Captain W. P. O'Connor was with these gentlemen, and said—If the national encampment goes to Atlanta I will go along if I have to saw wood with which to earn

if I have to saw wood with which to earlie the money.

Major H. G. Rogers—Yes, I think it would be a first rate thing to do.

Major C. A. Anson—Without giving the matter much thought I should say it would do both sides goood to have the next encampment at Atlanta.

A. M. Bullock—I am very much in favor of it; I think it would be a fine thing. It would be very appropriate as it was, in war times, the center of movement to the southerners and the gateway to victory to the northerners, while now it is the vestibule of peace and unity to the south, as expressed by Judge Emory Speer.

Dr. O. W. Carlson—I think it would be an excellent idea. It would give the boys who did not go that way a chance to see

who did not go that way a chance to see who did not go that way a chance to see new fields of great interest.

J. P. Rundle-Why, yes; I don't see why it wouldn't be a good plan.

Dr. W. C. Raynor-Of course go down there. They will treat us well.

Sam A. Tallmadge-Why, if they want us to come, and we can get accommodations, I see no objection.

Captain Charley Hyde-Of course, why Doc. Aubery-As a brevet grand army man, I vote for Atlanta.

Dr. A. O. Wright, Madison—I am strongly in favor of it, if we can get low railroad

Increased Facilities.

Increased Facilities.

The Humparey Advertising Agency of this city has been succeeded by the H. B. Humphrey Co., a newly formed corporation of which H. B. Humphrey is president and general manager and C. S. Miller vice president. The company has taken fine offices in the International Trust Company building on Milk street, making three advertising agencies now in that building. Mr. Humphrey is well and favorably known from his long experience as one of the best men in the business. Mr. Miller is also a man of large experience in advertising, having been for years in control and manager of the Plymouth Rock Pants Company, one of the most successful advertisers in the country. The new company, with ample capital and such experienced managers, will continue the business under most favorable conditions and to the greater satisfaction of their patrons.—Boston Record.

TO MAKE BESSEMER ORES.

Alabama Iron Making.

Birmingham, Ala., February 6.—(Special.)
A plant is just reaching completion in Bessemer, Ala., which, if it meets the expectation of preliminary and unusually practical tests, will revolutionize furnace operation and iron production in this section. It is a furnace proposed to convert the common red ores of this district into bessemer ores.

The plant consists of a furnace or kills

mon red ores of this district into bessemer ores.

The plant consists of a furnace or kiln, so constructed that the ore can be dumped from the trestle into the opening. The ore is then subjected to intense heat from the burning gas, which is made in a retort in close proximity. The roosted ore, with all moisture expelled and much of its phosphorus and sulphur liberated, is passed through rollers and crushed to a powder. It is then passed over a belt, which is magnetized by a process invented by Edison, which separates the ore from the silica and surplus calcium, and magnetizes it so that it possesses all of the properties of magnetic or bessemer ore, and closely assays with that ore.

The product after these processes assays 60 per cent pure metal and will make a genuine bessemer pig. The capacity of the kiln is 150 tons per day. On its completion and satisfactory test, a duplicate will be immediately built. Its success is regarded by iron men as the solution of the future of this district for if it does not prove a failure a steel mill will be built at Bessemer at once.

at once.

Fighting with Iron Gloves.

## LIGHT TRADING,

But Tennessee Coal and Iron and Richmend Terminal Made Advances.

THE INDUSTRIALS DECLINE SHARPLY

Cotton Disappointing - Corn in Chicago Makes the Low Record, and Closes Lower Again.

NEW YORK, February 6.-Today's market was confined to about four or five specialties. The movement of prices at no time was uniform, and for that matter the changes, except in a very few cases, were unimportant. Chicago Gas eclipsed all other stocks at the opening, its prices dropping 2½ to 62% on advices that the Chicago city council had given the Metropolitan Gas Company the privilege to ay its mains in that city. For this, the local government is to get its gas at 75 cents against \$1 per thousand feet to the consumers, and also to receive 3 per cent of the company's net earnings. The drop in Gas weakened all the Industrials except Distillers. This stock advanced % to 30% on a report from the west that the company intended to advance the price of its product in bond 2 cents per gallon. American Sugar fell 2% to 77% and left off at 78%. The decline was credited to the closing out of the short interest recently. In the absence of this demand, the stock quickly reacted, not-withstanding current reports that the senate will make material changes in the sugar schedule when the Wilson bill comes the first property of the stock up for discussion. Lead and Cotton Oil were heavy, declining %@1% per cent. The railroad list, with rare exceptions, was nclined to weakness. The loss was not large by any means, probably owing to the absence of any pressure to sell. The heaviness of the wheat market and the break in silver are expected to have some influence later on. The decline in this group ranged from 1/21 per cent, and was most marked in the stocks of the grain-carrying roads. Northern Pacific preferred recorded the greatest loss. Lackawanna took another of its sharp upward turns and jumped from 167% to 169%, cosing at 169. No reason was assigned for this spurt. The purchase of the Richmond Terminal assets at public auction today by the reorganization com-mittee led to unusual activity in the common stock, which brought 3@314@314 for 6,000 shares. The reorganization committee is gradually getting matters into shape for an early rehabilitation of the property, and an early rehabilitation of the property, and today's purchases was a step in that direction. In the final trading, the tone of the market improved a trifle, and speculation left off steady. Net changes show advances of 1% in Lackawanna, 1% in Tennessee Coal and Iron common, and declines of ½ to 2% in the other active stocks, with sugar in the lead. Railway and miscellaneous bonds were

Financial Gossip. The Industrials were used on Monday to boost the general list on the stock exchange and all of them advanced sharply.

The general list apparently was used yesterday to break the Industrials, which proved more successful, as the Industrials suffered quite a decline

The stock market was active yesterday, but with two or three exceptions the activity was at the expense of prices.

The exceptions are Delaware, Lackawanna and Western, which closed 1½ per cent higher; Tennessee Coal and Iron 1½ higher and Richmond Terminal % higher.

No explanation is at hand as to the cause of the advance in Coal and Iron and Ter-minal, but it is thought they are both cheap at present figures, more especially Coal and Iron, as the finances of the company are in

Whisky and Sugar, which made such a charp advance on Monday, were actively dealt in Tuesday, but the opportunity offer-ed the bull contingent to take a profit was greater than usual and they were quick to take advantage of it.

The result was a decline of 1 per cent in Whisky, and 1% per cent in Sugar as com-pared with Monday's close.

The Local Cotton Market. Local-Market closed steady; middling 7 3-16c. The following is our statement of the receipts, ship-

Atreod Violett & Co.'s Cotton Letter By private wire to J. C. Knox, manager.

NEW YORK, February 6.—In sympathy with Liverpoot our market was 2 points lower at the opening. Incre was good buying, however, and a recovery of 6 points of the points of the points of the points of the points. We repeat our impression of yesterday that there is less disposition to sen on the market because of the reduced movement at the interior as with a tailing off at the sources of supply it means sooner or later diminished port receipts and an amount coming into sight weekly that will not comirm anything but moderate crop figures. A few days ago we expressed our opinion the south is neither able or willing to unjuriate a new crop of any magnitude tale By private wire to J. C. Knox, manager.

The days ago we expressessed opinion the south is neither able or willing to unuertake a new crop of any magnitude take coming season while prices remain at anything like what they are at present, because in first place to the lenders of money or the sellers of merchandise there is lottle or no inducement to gove credit based on the ability to pay by the grower of cotton at such prices as have been realized during the past sixty or ninety days, and consequently no increase and perhaps a decreased acreage will come about These impressions we put before our readers again because they are confirmed by a letter we are today in receipt of from one of the most prominent firms at Liverpool. They say we look upon the present price as one that is bound to stimulate consumption besides the 500,000 bales present price as one that is bound to stimulate consumption besides the 500,000 bales which were saved by the strike in Lancashire last year. Even if stocks in spinner's hands were equal to what they were, this would mean a power to consume '00,000 bales. These are facts which it is impossible to get over, and with a good trade we consider 8,000,000 bales sufficient for the world's wants. Port receipts are 20,200 bales against 18,100 bales last year and 18,500 bales this day in 1890. The interior movement for the week promises to be considerably under last year in stocks at well as receipts.

The following is the range of cotton futures in New York today:

Hubbard, Price & Co.'s Circular. NEW YORK, February 6.—The Liverpool market has declined slightly touay, the cause assigned being small takings by spinners and the decline of 5-64d per ounce the cause assigned being small takings by spinners and the decline of 5-bid per ounce in the price of silver. This metal is now at the lowest price on record and the fear of a further decline greatly unsettles East india exchange and adversely effects Lancashire trade. Before the close in Liverpool part of the decline and been recovered and the final quotations are 1-bid below last evening's figures. The New York market opened at a decline of from 4 to 5 points, but rallied to last night's closing figures, as news was received that the movement would continue very small. New Orleans receipts tomorrow are estimated at 700 bales against 14,500 last week and 5,42 bales last year. The light movement predicted tomorrow is in part explained by the fact that the rallway deliveries and depots are blocked as a result of the heavy traffic incidental to the mardi gras holidays. Memphis receipts today are 697 bales against 1,207 bales last year. St. Louis 589 bales against 1,207 bales last year. Houston gets 1,000 bales against 4,137 bales last year. The interior movement for the week as far as the known towns, an indication, promises to be about 17,000 bales against 20,000 bales last year. The market today has been rather a quiet one. Liquidation seems to be nearly completed on both sides of the speculation and operators are waiting for some new featurs that shall

Liquidation seems to be nearly completed on both sides of the speculation and operators are waiting for some new featurs that shall ariuse fresh activity. The receipts are unquestionably lighter than had been expected this week, especially at the interior towns but their effect in the direction of higher prices is about offset by the dullness of the Manchester trade, and the demoralization in the eastern markets following the decline in silver.

The relative weight of these influences atth x nicme HTARODLUN MFGYMBMF at the moment seems almost equal and if receivis continue light and crop estimates should be still further reduced as they must be iehtwk. IRF F RF F FWDDWFMBMED be without an increase in the movement, the equilibrium will probably be disturbed by a fresh demand from spinners who are hardly likely much longer to allow the depletion of stocks which is at present in rorgaress if a small supply becomes definitely assured.

Dallas, Tex.—Little or no stock offering.

pletion of stocks which is at present in progress if a small supply becomes definitely assured.

Dallas, Tex.—Little or no stock offering, less cotton in interior for years.

Selma, Ala.—Receints estimated 175 bales. No snot cotton offering at current prices, Little Rock, Ark.—Estimated receipts this week 800 bales; stock 9,900.

Albany, Ga.—Receints nominal.

The market during the afternoon remained dull, fluctuations were within narrow limits and the close at a slight decline from the prices established during the morning. The first motations were about 2 noints under resterday in the active actions. Port receipts turned out 2,000 bales more than eviler estimates, and this had the effect of somewhat weakening prices. Without time revival in the demand from enipose the situation hardly seems to instify the hope of higher prices immediately.

Riordan & Co.'s Cotton Circular.

Riordan & Co.'s Cotton Circular.

Riordan & Co.'s Cotton Circular.

NEW YORK, February 6.—(Special.)—The market wore a tired and undecided aspect today, and the fluctuations were within a narrow range. A slight decline in Liverpool caused our opening to be a few points lower. After the call, the market was weak and prices easier for a time; but telegrams foreshadowing light receipts at New Orleans and Houston quickly changed the temper of the trading. But buyers seemed rather timid, and realizing sales in the late hour caused a reaction of a few points. The close was ready. It is a waiting market, and neither bul's nor bears seem anxious to make fresh ventures until receipts, and especially interior receipts, shall have grown more light upon the probable outturn of the crop.

The Sun's Cotton Review.

NEW YORK, February 6 .- The Sun's Cotton Review says: Cotton declined 4 points, recovered this and advanced 1 to 2 points, recovered this and advanced 1 to 2 points, lost this and declined 2 to 4 points, closing steady. Sales \$5,000. Liverpool declined 1½ to 2 points and recovered 1 point of this, closing quiet and steady; spot sales 7,000 bales at easier but unchanged prices. In Manchester, there was not much doing in yarns, and cloths were dull, but steady. New Orleans and Mobile exchanges closed steady. Spot cotton here quiet and steady. Sales 62 for spinning. Southern markets quiet and generally unaltered. Norfolk 1-lic lower. Memphis sold 1,900 and St. Louis 600. Port receipts 20,215, against 22,758 this day last week, and 18,142 last year. Thus far this week 58,846, against 66,199 thus far last week. New Orleans receipts tomorrow estimated at 700 (some of the railroads not reporting owing to mardi gras festival), against 14,517 on the same day last week and 5,472 last year.

Memphis receipts 607, against 1,220 last year; shipments today 2,165, St. Louis receipts 829, against 1,207 last year; shipments today 2,165, St. Louis receipts 829, against 1,207 last year; shipments today 2,165, St. Louis receipts 829, against 1,207 last year; shipments today 2,165, St. Louis receipts 829, against 1,207 last year; shipments today 2,165, St. Louis receipts 829, against 1,207 last year; shipments today 2,165, St. Louis receipts 829, against 1,207 last year; shipments today 2,1718. Silver declined 5-16d in London and was ½c lower in New York.

Cotton Notes.

Cotton declined yesterday, and, strange to say, the decline was attributed to a decline of 5-16d in silver in London.

On this side it has been held out that only a continuance of heavy receipts could cause a decline, yet the receipts at the ports are not alarmingly large, and statisticians say it is haruy possible to reach Mr. Neill's

It was only a short while ago fnat the silver purchasing clause of the Sherman law was repealed because it was said that it was in the way of the American spinner and that they could not make the necessar the way of the American spinner, ry loans while it was in force.

The only difference between now and then ey needed now, they do not do it, and it is a well-known fact that they are pursuing hand-to-mouth policy in the purchase of the raw material, and the dull and iteless market is now said to be caused by a de-

And we, on the outside, are left to guess what is required to make cotton advance. THE CHICAGO MARKET.

Lamson Bros. & Co.'s Grain Letter. By Private Wire to J. C. Knox, Manager. CHICAGO, February 6.—This has been CHICAGO, February 6.—This has bee another disastrous day for holders of whea but not so for shorts. Like yesterday, news has been very bearish. Cables were lower although stating that the demand for French account has again commenced. The weather in the wheat belt is pertect and northwestern receipts very large. Minneapolis cash wheat sold within he of May prices with the demand reported raining oil india and Baitic snipments amounted to nearly 4,000,000 bushels. New York continues to report no export inquiry and clearances amounted to only 180,000 bushels all told. Later private cables were very weak, in fact, there has not been a single item to encourage holders. Liquidation has been general all day, particularly the latter part when the market broke to 62%c making a new record for May option. The closing would indicate that the 60c price is not far off.

Coarse grains have been very weak, weather in the wheat belt is perfect and

Coarse grains have been very mostly in sympathy with wheat. Holder sold freely, May touching 37½c the lowes decline. Receipts of hogs are light, but i point on the present option.

Hog products have suffered the severest decline. Receipts of hogs were light, but it had no effect whatever on the speculative market. Packers alone were probably responsible for the break, raiding the market with selling orders.

Chicago Gossip. By Private Wire to J. C. Knox, Manager. The point is made that the stocks of wheat in the farmers' nands are smaller than at any time in a good many years, and that it will take more than a small advance in the price to bring this wheat to the market. It has been calculated that on March 1st there cannot possibly be much more than fifty or sixty million bushels in farmers' hands, against an average of one hundred and thirty million bushels. This means that wheat is not going to provide much traffic for the railroads other than trunk lines, until the new crop is moving.

A representative of a St. Louis corn house says they are having 5,000 cars loaded with corn on the Chesapeake and Ohio railroad going to the seaboard.

New York clears 82,000 bushels of wheat and 18,000 barrels of flour, and 11,000 bushels Boston clears no wheat or corn, but 100

New Orleans clears no wheat or flour and 136,000 bushels of corn.

Minneapolis received 208 cars of wheat yes Baltic shipments of wheat for the week,

334,000 bushels; India shipments, 376,000 bushels; American shipments, 2,083,000. Total European supplies 5,889,000 bushels. Theoretical requirements 7,200,00 bushels. At 10:20 o'clock long wheat was pressing on the market at the decline with the mar-ket barely steady, and the market needing

support without which, or some Juli news, it will decline further. Contract stocks for the week: Wheat 18,536,000 bushels, against 18,550,000 last week; corn 2,482,000, against 2,415,000 last week. Oats 687,000, agains\* 772,000 last week.

Corn made a new low record on this crop yesterday, selling at 37% for May. The large receipts yesterday morning and the

estimates for today, mild weather, weak cables and small clearances all tended to keep the prices moving down.

Primary market receipts, with Peorla to hear from, 127,902 bushels of wheat. A Minneapolis dispatch says cash wheat

offered at 60%c. This is only %c over There was no important buying in wheat yesterday except by Pardridge and Phillips, and as that is over the movement is very

Packers are responsible for the break in provisions, and although the receipts of hogs are very light they hold off buying. The weakness in grain also helps the de-

The break in provisions is also due to selling by brokers supposed to be acting for Armour & Co. They sold about 2,500 tierces of lard and 2,000 barrels of pork.

The hog market was active out easy with prices 5 to 10c lower

SEWER ORDINANCE.

NOTICE OF INTRODUCTION OF ORDI-NANCE FOR CONSTRUCTING SEWER-Notice is hereby given that at the meeting of the mayor and general council of the city of Atlanta, held on the 5th day of February, 1894, an ordinance was introduced and read, providing for the construction of a sewer, along and in Bartow street from Luckle to near Walton street. The gereral character, material and size of said sewer are as follows: From Luckle street to near Walton street, of 8-inch vitrified pipe, with brick manholes, etc. Said sewer is to be built at an estimated east of each barded and first from the control of the c mated cost of one hundred and lifty-three (8153) dollars. Said sewer is to be built in accordance with the act amending the charter of said city, assessing ninety cents per lineal foot upon the property and estates respectfully abutting on said sewer, on each side of said sewer. Said ordinance will come up for action at the next regular meeting of council.

HOW TO MAKE COUNTERFEIT MONEY

Paculiar Methods Used by Countertaiters. A Large Class for Examination Yester-day-Other Custom (House News.

United States Attorney Joe James has in his possession a peculiar and interesting set of molds made for the purpose of getting out counterfelt money. They were recently taken from a gang of crooks who operated in Douglas county, and are more simple in construction than any one would street a A counter of the canal a little when suppose. A couple of the cans, a little plas-ter of paris and the coin to be simulated, that is all that is necessary to make

money.
The tin cans are filled with plaster of The tin cans are filled with plaster of paris; an imprint of each side of the coin is made. Then the two sides are bound together, a hole bored, and the metal poured in. As soon as it cools the coin is ready, except for the milling, which is done with a file."

Speaking of counterfeiting," said Colonel "Speaking of counterfeiting," said Colonel James, "do you known that it is largely on the increase in Georgia? Why, several years ago it was a rare thing to have more than two or three cases of this kind uturing a term of court. During the last term here we tried and sentenced at least twenty for getting out bogus coin and there are standing indictments now against twenty could be a sentenced. ty-five. Nearly every county in north Georgia has sent some one up on this charge. I suppose it is due to the hard charge. I suppose it is due to the hard times; if the people can't make money one way they will another." Commissioner Broyles suggested that the discussion about the free and unlimited

coinage of silver had something to do with it. He stated that more than one had made the plea to him that they thought congress was going to let them make all the money they wanted to. "Concerning molds," said

they wanted to. "Concerning molds," said the commissioner, "they make them out of anything now. A fellow that I had up before me the other day said that he used sweet potatoes for molds.

"I see," he continued, "that A. L. Drummond, late chief of the secret service division of the treasury department, has recently issued his report. According to the statement of Mr. Drummond there were target 1802, 404 errests for passing, possess. ng 1893, 494 arrests for passing, possess during 1893, 494 arrests for passing, possessing and manufacturing counterfeit money. He states that this species of crime is induged in by the native Americans to a greater extent than all the foreign born are 1875 of the 401 arrests. ulation, as 252 of the 494 persons arrest-claimed the United States as the place of

their nativity. "One of the curious features of the report, continued the commissioner, "is the statement that fractional paper currency representing the value of \$402 was made during the year. Little spurious copper coin was made; its amount was less than \$64. port," continued the commissioner, "is the

than \$64.
"Then, you know, the retiring chief also repeats the recommendation made often to former congresses that an appropriation be made as a sanitary measure, as well as to make counterfeiting difficult for retiring from circulation worn and soiled notes. Mr. Drummond asserts that his twenty-two years' experience in hunting counterfeiters has taught him that anything which gives a note, worn or soiled. counterfeiters has taught him that anything which gives a note a worn or soiled appearance is a great and effective help to the counterfeiter.
"For my part," concluded Commissioner Broyles, "I am positive that counterfeiting is on the increase in this state."

Examination for Clerks.

The large courtroom where his honor, Judge Newman, usually holds forth, presented a busy scene yesterday. The examination for clerks in the postoffice department was ir progress and an unusually large class was on hand. During the day eighty-five presented themselves for examination. This examination covered all the elementary branches and was conducted by Messrs, E. F. Blodgett, Joseph Thibadeau, C. K. Maddox, C. W. Wilkins, Jr.,

deau, C. K. Maddox, C. W. Wilkins, Jr., and P. B. Price.

Those who pass successfully will be elligible to appointment as clerks in the post-office. Today the carriers will be examined upon the same studies at the same place, and a large crowd is expected.

Will Convene on the 13th. The grand jury for the United States court will be drawn some time next week. Judge Newman is now at the mardl gras and the jury will not be drawn until his return as it has to be in open court. The court will convene again upon the 13th. When in want of a good liniment, buy Salvation Oil, which costs only 25 cents.

TO TALK WAR TALK.

General Gordon Will Meet the Old Sol-

dier Boys Again.

The lecture by General John B. Gordon, to be delivered at the Grand opera house on the 8th of this month, is going to be a treat to both young and old.

General Gordon has prepared a splendid lecture about the "Last Days of the Confederacy" and hear workload the confederacy," and hear workload the second of the Confederacy," and hear workload the second of the Confederacy," and hear workload the second of the Confederacy, and hear workload the second of the confederacy of the confederacy, and hear workload the confederacy of the co federacy," and has won golden opinions upon its merit wherever it has been delivered. He has been to many of the livered. He has been to many of the largest cities or the south with ft, and has achieved a perfect triumph in them all. In Louisville he had a tremendous audience, the house being packed to its utmost capacity and the receipts being more than \$2,000.

Wherever he goes with the lecture, he gives it for the benefit of the confederate veterans in that city, and in this way is doing a great deal of good for the veterans' associations all over the south. The pro-

associations all over the south. The proceeds of the lecture here will be divided between the Fulton County Confederate Veterans' Association and the general him-

The lecture abounds in jokes and funny stories about the war, and yet has much to tell of the histor, of the last days of the great conflict between the states. Who could tell the story better than the gallant Gordon? Who could more strikingly set forth the thrilling incidents of the great struggle than he can do, and who could give it more beautiful color than General Gordon with his eloquence and vivid powers of de-

his eloquence and vivid powers of de-

It goes without saying that the Grand will be packed when the gallant Gordon

Makers of Spurious Money Rapidly In- The Colored Literary Club Met with Disaster Yesterday.

THE PROPRIETORS IN A BAD PICKLE

Follow-The Bouncer Tried-An Elegant Club Saloon

Balls, parties, amateur theatricals, social Balls, parties, amateur theatricals, social culture and literary advancement were the ostensible objects of the Young Men's Literary Club, of 77½ South Broad street, formerly located in the sumptuous clubrooms on South Forsyth street.

Midnight orgies, beer drinking, card playing, tragedles and police court episodes have been its fruits. Breezy has been its history, but it went the pace that kills, and yesterday afernoon it was overtaken by social and financial disaster. Its officers and some of its members are now staring squarely in

of its members are now staring squarely in the face the disagreeable possibilty of prosecution in the state courts.

Yesterday afternoon the club came to deep grief, and the disclosures regarding its inner workings confirmed what several

its inner workings confirmed what several Atlanta ministers have recently said about clubs in general. Evidently the conditions of colored society are not favorable to the promotion of clubs.

About 2 o'clock yesterday morning seven officers, headed by Police Captain Thompson, raided the clubrooms and arrested the president, the manager and fifteen negroes who seemed to be taking a prominent hand in what was being done. The arrest created great excitement, and there was a general scramble, led by about one hundred and fifty negroes, to get out of reach of the officers.

scramble, led by about one hundred and fity negroes, to get out of reach of the officers.

The fifteen were carried to police headquarters and bail refused. Captain Thompson and the officers with him made a tour of discovery through the clubroom and found everything to be on an amazingly uxurious scale. The bailroom was excellently furnshed and had all the neat little appointments that characterize ballrooms in high life.

But the climax of grandeur was reached when the officers turned their steps into the elegant barroom. It had every appointment that could be desired and was on a scale of magnificence hard to equal. Bottles of fine liquors were arranged in tempting rows back of the bar, and scores of bottles of plebeian beer reposed on blocks of ice. It was an ideal resort for the bibulous disciple of letters.

The officers were startled by so much splendor, and especially by the array of drinkables. They were struck by the apparent disproportion in the supply of drinks and literature.

The trial in police court yesterday afternoon was a memorable one. Two hundred adherents of the club were present and the arraignment of the proprietors occupied two hours. Lee Bloodworth, a yellow negro, almost white, was proven to be president and proprietor of the club, and Ozburn Fope was shown to be the salarled manager.

Numerous clubmen, all of them very unliterary in looks and not strikingly intelectual appearing about the brow, testified. They gave the history of the organization from its inception until the hour of the appears ace of the policemen. It was the purpose of the officers to prove the place to be a huge blind tiger and gambling house, and witnesses were introduced to prove this.

The clubmen said that the Young Men's Literary Club was fashioned after the most

purpose of the officers to prove the place to be a huge bilnd tiger and gambling house, and witnesses were introduced to prove this.

The clubmen said that the Young Men's Literary Club was fashioned after the most approved of fin de seicle clubs, and with similar objects. Twenty-five cents weekly dues is required of members, and this entitles each member to four beers per week. The officers had some difficulty in proving that any member had exceeded the weekly allowance of beers until Mary Irwin was reached.

She is one of the belles of the club and attends all of its dances and social fetes. She was present on the night of the raid and was generously treated to beer by clubmen whose names she furnished to the recorder. Her sixteen-year-old sister was also the recipient of several glasses of the foaming beverage and it was shown that the festive Mary herself had handed the beer to the younger girl. The recorder ordered a case made against Mary for furnishing intoxicating liquors to a minor. A profusion of evidence was introduced and so great was the mass of testimony that the recorder was unable to reach a decision in the cases of Bloodworth and Pope. He imposed a fine-of \$25 and costs on Charley- Powell, the club's salaried bouncer, who seems to have ousted three men just before the raid was made. The cases against the others, except Bloodworth and Pope, were dismissed.

Recorder Calhoun announced that he would withhold his decision in the cases of the club of the state courts. He says that he has evidence sufficient to make out strong cases. Many complaints have been lodged with the officers of the club brosecuted in the state courts. He says that he has evidence sufficient to make out strong cases. Many complaints have been lodged with the officers against the orgies at the club. It is a common thing for the club has had one double shooting, and once before it was raided by the detectives for gaming.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills. They will please you.

CITY NEWS AND GOSSIP.

GOING HUNTING.—Solicitor Charley Hill has gone to southwest Georgia for a week of hunting and recreation after the arduous of hunting and recreation after the articles work in the recent cases he has prosecuted. He goes with Mr. W. P. Hill, R. S. Rucker and Mr. Alex P. Hull. A lot of the hunting will be done at Beach Grove farm, which was formerly owned by the solicitation of the solici tor's father.

BILL OF EXCEPTIONS.—A bill of exceptions was filed yesterday in the case of Charles Herron, convicted of the murder of his wife. The case will go to the supreme court and will there be argued by J. E. Robinson, counsel for Herron, and one of the ablest young lawyers in the city.

CHARTER GRANTED.—Judge Lumpkin granted a charter yesterday to the Cotton States and International Exposition Company. It is for twenty years.

ADJOURNED COURT.—Judge Lumpkin and Judge Clark both adjourned court yesterday until the spring term of 1894, which begins in March.

HAPPY FATHER.—Mr. Eugene Monteith, smilingly happy, announced to his friends yesterday that he was a happy papa. The little lady is as pretty as a pink and has been named Miss Mildred Irine Monteith.

MR. HORTON COMES TO ATLANTA .-

MR. HORTON COMES TO ATLANTA.—Mr. M. C. Horton, who graduated at the State university a few years ago and who finished a course of law there last year, has come to Atlanta to engage in the practice of his effosen profession. He is a bright and brainy young man and that he will succeed well here is easily foretold. He is with Colonel B. F. Abbott, 15% Alabama street. TWELVE CONVICTS .- Captain W. S. TWELVE CONVICTS.—Captain W. S. Starnes, the convict transfer guard, reached Atlanta last night with twelve convicts from Americus. He is taking them to the Dade coal mines. In the crowd was Tom Williams, the white burglar, who has a sentence of twelve years. Dr. Hinkle was not of the party, as he has applied for a new trial.

For Commissioner of Agriculture. For Commissioner of Agriculture. Meriwether Vindicator: The only contest over statehouse offices within the democratic ranks will likely be for the position of commissioner of agriculture. From the present outlook there will be no change, if the press of the state is a good criterion. Colonel Nesbitt's management of this department seems to meet with approval. He is an excellent gentleman and a practical farmer.

Cuthert Liberal Enterprise: The Liberal Enterprise rotes with delight the very favorable mention of Hon. R. T. Nesbitt as commissioner of agriculture which is being accorded him by the press of the state. Commissioner Nesbitt has made a most efficient officer and we join the great mass in hoping that he will be re-elected without

COMMON SENSE TRUTHS.

An Asie Physician Expinins the AtterEffects of Grip, the Condition in
Which it Leaves People, and the
Only Thing to Do.

"It is a very slow process!"
The speaker was a prominent physician.
Continuing, ne said:

"I mean getting over the after-effects of
the grip. Any one who has seen as much
of it as I have can easily understand it.
The grip lasts for a long time, and seems
to take a special hold upon the system. It
frequently runs into pneumonia, sometimes
leaves the hearing partially impaired, the
throat with an irritating soreness, and the
stomach with impaired digestion. It seems
to take a long time to recover the strength,
the energy, or the ambition after one has
had a run of the grip, and we frequently
find neuralgia, rheumatism, and even worse
things follow it.

"Now, what should any sensible man or
woman do under these circumstances? The
answer seems hard, bus is really easy. Simply help nature to get over the troublestimulate the body and faculties just a
little. This is what every good physician in
the land advocates in order to drive grip
out of the system. It should be remembered, however, that the stimulant must be
pure, and that nothing for this purpose is
equal to good whisky. It is fortunate, however, that there is so ilttle pure medicinal
whisky to be found, and, in fact, it can be
truly said that there is but one strictly
medicinal whisky upon the market, and
that is Duffy's Pure Malt. It is not like
ordinary whisky, however much druggists
and grocers may say so. It has, in fact,
properties possessed by no other, and is beyond question a stimulant which can safely
and effectually be taken to prevent the grip
or drive away its most disastrous aftereffects."

"Paper is patient"—aptly fits
the ad columns of the newspapers.
They're impartial—print what's paid
for, you must pick the bone.
Day after day we advise you
to make comparisons. Freedom is
the buyer's priyilege, satisfaction hi the buyer's privilege, satisfaction his the buyer's privilege, satisfaction his just deserts—protection is his right. When we are not lowest in price look to the worth— then you'll find the reason. Who first said money back to dissatisfied purchasers? Wasn't it us? Because it's fair and sanson.

Because it's fair and square— We've always done it. We could sound the trumpets about some new styles of Hats and Caps just in, but we'd rather draw you closer with the pursuading eloquence of truth mildly spoken. See if our Men's Hats (Derbys and Alpines) don't impress you as being cheap at \$1.50, and if our Men's and Boys' Caps at 25c and 50c are not wonderful values. Because it's fair and square-

values.

The weak and defective links in the chain make the whole chain unsafe. Any weak or defective organ in the human body makes the whole body unsafe. Therefore it is of the utmost importance to every person to have each organ in a healthy condition. This is especially true in regard to the organs which are weak and diseased in those special diseases peculiar to men and women. When consulting physicians, consult only those who are reliable and have a well-earned reputation. Specialists of recognized reputation in the treatment of such diseases are Dr. Hathaway & Co. Many consider them the leading specialists in the United States in their line. If you consult them you are sefte. Specialies: Specific Blood Poison, Syphilis, Impotency, Stricture, Unnatural Discharges, Nervous Debility, Hydrocele, Varicocele, Eczema, Pimples, Piles, Ucers, Catarrh and Discases of Women.

# NOTICE To Water Consumers

KELLAM & MOORE Schedule of water rates in effect January 1, 1894.

A rate of one hundred (100) cents will be charged per 1,000 cubic feet.

A discount of twenty-five (25) cents per 1,000 cubic feet will be allowed on bills paid by the 10th of the month.

The minimum monthly rate to be charged to any consumer will be eighty (80) cents for 800 cubic feet or less; 800 cubic feet is for 800 cubic feet or less; 800 cubic feet is equal to 6,000 gallons. Consumers who take advantage of the discount allowed will then pay ten (10) cents net per 1,000 gallons, or sixty (60) cents per month.

In no instance will this discount be given after the 10th of the month.

Manufacturers will be charged on the excess of 10,000 cubic feet and to 20,000 cubic feet, 150,000 gallons, 95c. per 1,000 cubic feet;
And to 30,000 cubic feet, 225,000 gallons, 90c. per 1,000 cubic feet;
And to 40,000 cubic feet, 300,000 gallons, 85c. per 1,000 cubic feet;
And to 50,000 cubic feet;
And to 50,000 cubic feet, 375,000 gallons, 80c. per 1,000 cubic feet; per 1,000 cubic feet;
And to 50,000 cubic feet, 375,000 gallons, 30c.
per 1,000 cubic feet;
And to 60,000 cubic feet, 450,000 gallons, 75c.
per 1,000 cubic feet;
And to 70,000 cubic feet, 525,000 gallons, 70c.
per 1,000 cubic feet;
And to 80,000 cubic feet, 600,000 gallons, 65c.
per 1,000 cubic feet;
And to 90,000 cubic feet, 675,000 gallons, 60c.
per 1,000 cubic feet;
And to 100,000 cubic feet, 750,000 gallons, 55c.
per 1,000 cubic feet;
And to 120,000 cubic feet, 900,000 gallons, 55c.
per 1,000 cubic feet;
And to 140,000 cubic feet, 4,050,000 gallons, 50c.
per 1,000 cubic feet;
And to 140,000 cubic feet, 1,050,000 gallons, 50c.
The latter rate to be charged on all quantities in excess of 140,000 cubic feet, and is the minimum aggregate rate to apply to any quantity; no one excepting manufacturers to have a gross rate less than one hundred (100) cents per 1,000 cubic feet.

# HUNTING POINTERS.

Commissioner Jones, of Knowille, Sees Atlanta's City Prison.

ON AN OFFICIAL MISSION HERE

An Interesting Whisky Case to Come Up Be.ore in Recorder This After-noon-Other Police News.

Chief Connolly had as his guest yesterday commissioner of rubble Works Jones, of knoxville, Tenn. Mr. Jones as quite an important public functionary in his town, and he is here on a tour of inspection. As commissioner of the police and me departments and the street improvements of knowled his visit here is with the object of seeing how Atlanta attends to these things, and yesterday was devoted to Atlanta's admirable Mr. Jones was shown these

Mr. Jones was shown through every por-Mr. Jones was shown through every portion of the city prison and everything expiained in detail to him by Chief Connolly, sir. Jones is very observant and expressed himself as being delighted with the arrangement of Atlanta's police neadquarters. Chief Connolly presented him with a copy of the latest reports of the city officials, a code of city ordinances and other papers, giving important information of how the city, soverned.

Before returning Mr. Jones will investigate other departments of the city government. His city is contemplating much general improvement in the line or police and fire protection and the watchful commissioner doubtless gained many valuable pointers from Atlanta's methods.

Recorder Calhoun will have a case involv-

Recorder Calhoun will have a case involving an interesting legal point this afternoon. The points involved are: Is a saloonist legally responsible when an employe keeps open his doors after 10 o'clock at hight, and if he is, does the law require a forfeiture of the saloonist's license?

The case is made by officer Lyle against C. A. Henson, bartender for Mr. W. Parris, the saloonist. Officer Lyle states that he found Mr. Parris's doors open after half past 10 o'clock at night, and a young man drinking beer at the bar. Mr. Parris was not present at the time and the bfficer made a case against the bartender after being instructed by Captain Thompson. after being instructed by Captain Thomp-

Son.

Ordinarily a violation of the whisky regulations entails a forfeiture of liceuse when the offeader has been found guilty, and the turn of this case will be watched with interest.

Mrs. Stockton, a white woman, was pardoned by Mayor Goodwin yesterday, and liberated from the city stockade because of the serious fliness of her mother, who is a very old lady.

Sergeant Jennings vesterday swore out a warrant against Will Cantrell, charging him with highway robbery. Cantrell will be tried this afternoon. Mrs. Long will appear in court and positively identify the robber. It is believed that Cantrell is guilty of the other robberles, but as his sconviction is sure in the one case the officers have against him, no attempt has been made to have the other ladies identify him.

## THE DEATH ROLL.

Gadsden, Ala., February 6.-(Special.)-Joseph F. Hogue, an old and honored citizen of this place, died Sunday evening, after a month's illness, aged sixty-six years. His remains were interred at Lebanon.

Greenesboro, Ga., February 6.-(Special.)-Greenesboro, Ga., February 6.—(Special.)— Colonel James N. Armor, one of the cidest, most highly respected and prominent cit-zens of Greene county, died at his home, about eight miles from here, last Sunday

Colonel Armor was in his seventy-fourth year and since young manhood had been identified with everything which tended to upbuild the county and add to its wealth and prosperity. He was one of the most successful farmers in this section, and by his industry, ability and energy accumulated admired throughout the state as a man of unswerving and unquestioned integrity; ordinary ability. Leading the state as a man high toned, kind hearted and of more than highest sense a Christian gentleman, and gia farmers—the sterling, true-hearted, uptight and chivalrous gentleman.

Colonel Armor was a life-long democrat, and stood by the party in its trials and defits victories. Though of quiet, unobtrusive thoroughly posted, and his opinions were The funeral occurred yesterday aftermon at the family burial ground, at Ridge Grove, and the large attendance from all denced the high seventless evel-Colonel Armor was in his seventy-fourth

THE NOSS JOLLITIES

Evening at the Edgewood.

Evening at the Edgewood.

The crowd which assembled at the Edgewood Avenue theater last night to witness the "Noss Jollities" was more than repaid for having gone. Every one present was thoroughly amused from the start to the end of the performance, and at times the specialities had to be given over.

The company is indeed one of real musical ability. Every member is a capable performer, and when engaged in ensemble work they give the heartiest satisfaction. The Maxican mandolin troubadours were a highly pleasing feature and took well. The rooster dance was unique and made a hit. The song which Baby Helen gave was very cute and caught the house. Mr. Frank Noss, who did the role of Dennis, caught on in great shape.

The company would hardly be complete without Charley Sweet. In his tramp predaity his audience is his all the while he is before it. He has more good gags than the average comedian, and last night he was repeatedly recalled. He catches an audience with the greatest ease.

The Noss Jollities will give a matinee this afternoon, and close the engagement tonight at the Edgewood. Entertain Another Large House Last

### A LITTLE WONDER. That Is What Her Audience Pronounc-

ed Auna Eva Fay. something most alluring about There is something most alluring about an entertainment built upon mystery. Whether it be the mysterious workings of some occult and indiscernible force or whether it is pure trickery—it makes no difference. So long as it keeps you guessing and baffles all attempts at exposure, even if it is trickery, it is alluring and fascinating.

inating. You can't explain how Anna Eva Fay

cinating.
You can't explain how Anna Eva Fay does all the remarkable things she did at the Grand last night. Nine out of ten people will say it's pure trickery, but when they tackle the "how" of it they have to acknowledge defeat. If she possesses any mysterious power, she is a wonder; if she does not, she is even more remarkable.

The entertainment consisted of a lot of alleged manifestations—a lot of acts that deserve a full description. Some of them are not new, it is true, but others are; and all of them are interesting. She gives an entertainment as fascinating as Herrmann's and some of her acts are better than anything that Herrmann does.

For two hours this was kept up and the audience was nighly pleased throughout. A good many of the people who were there may try to explain some of her acts, but she has baffled all efforts at exposure in other parts of the country, and you can be rest assured that these explanations don't explain.

Matinee today and concluding performance tonight.

"MR. POTTER, OF TEXAS." It Will Be Put on Friday and Saturday

It Will Be Put on Friday and Saturday at the Grand.

A. C. Gunter's the Grand.

A. C. Gunter's the Grand by Saturday at famous novel, "Mr. Potter of Texas," will be presented Friday night and Saturday at matthee, at the Grand, by Special strangement with Frank Sanger, and illustrated in a most artistle manner by a carefully selected company, whose experience has earned for them the title of artists. Mr. Gunter must have feit that his play would meet the exactions of a public that has been compelled to listen to a form of plots the sameness of which has become wearisome. The fact of his taking known and understood by theatergoers, has furnished many types of character, but the characteristics of the "Hon. Sampson Potter" are Evel, simply because they are natura, and therein lies the success of the play. Nature is the primary cause of everything that actuates mankind, evel, though artifice has usurped its very being. One touch of nature makes the whole world kin." and a big specimen of manly nature is to the theatergoer like a fragrant nevertheless, welcome. The advent of this strong organization and comedy-drama will be undoubtedly appreciated. The play has substantially proven its merit by its phenomenal runs in the metropolitian cities, while the company has universally merited wherever it has appeared. Their visit here should be auspicious and their efforts to please appreciated by all theatergoers.

## KILLED WITH A PARLOR RIFLE. Mr. J. H. Galloway, of Decatur, Shoots Mr. J. H. Galloway, one of the most prominent young men of Decatur, and a tick with the most promined Ed Dabney went out; and a

negro named Ed Dabney went out to prac-tice with a parior rifle yesterday afternoon. They took turn about setting up the target, and while the negro was doing the work, Mr. Galloway fired, and the ball-from the parior rine entered the left tem-ple, and the negro died an hour later from A jury of inquest made and the setting t he wound.

A jury of inquest made a thorough and A jury of inquest made a thorough and careful investigation, and the result of the inquiry was a verdict showing that the shooting was accidental. Quite a number content with the shooting was accidental. Quite a number of the shooting was accidental to the shooting being an accident. Mr. Galloway and the negro boy were of about the same age, and had been close friends all their lives, the negro having been raised in the family. The coroner's inquest precluded an arrest, as none was necessary.

JUDGE CLARK'S RECORD.

It Was Half a Century Ago That He Was Admitted to the Bar.

Was Admitted to the Bar.

The 5th of February, just past, makes fifty years since Judge Richard H. Clark was admided to the bar, at/Savannah, Ga., his native city, and when he was only nineteen years of age.

The examining committee was: Matthew Hull McAllister, Robert M. Charlton, Francis S. Bartow and William P. White. Judge Clark was examined with three others, and the examination lasted from 9 to 1 o'clock, and was made by the committee with book in hand. All who were admitted with him, are dead, and, likewise, the committee. Colonels Bartow and White were killed during "the war between the states."

# THE MILITARY MEN.

Gate City Guard and Burgesses Corps to Meet at a Feast.

A BANQUET AT THE KIMBALL HOUSE

Will the Louisville and Nashville Pull Out of the Association?-Other Reilroad News Gathered Here and There.

Tonight the Gate City Guard will entertain the Burgesses' Corps, of New York, with a delightful banquet at the Kimball.

This is one of the oldest and best military companies of New York, and has a reputation that is enviable all over the country. The boys from the Empire State of the gras, and now that they are on their way home, they stop long enough in the Empire State of the South to enjoy a grand reception.

North have been down to see the marding gras, and now that they are on their way home, they stop long but they are on their way home, they stop long but they are on their way home, they stop long but they are on their way home, they stop long a grand reception.

The Burgess men and the Gate City Guard have always been great friends. They have shown each other courtesies many times before, and have end courtery. They are the great friends all over the country. They seem an invitation to the Gate City leans to join them and go on to New Orleans They were travelling in a private car Gate City Guard also had a press py invispacial cop to New long and were having a rousing big time. The tation to go to New long a press py invispacial cascort to the king of the carnival. That time, however, and the trip was given ments the go.

The New York military men came south on a special train over the seaboard Airand have lead many receptions given them the Seaboard. They have had a most enjoyable trip by the citizen of clock. They will leave Atlanta this evening. Following like the Party: Bink. L. D. Combs. W. M.—Hussey, H. C. Danforth, C. E. Following is the party: Bink. L. D. Combs. W. M.—Hussey, H. C. Danforth, C. R. Will It Go Out?

The case of the Louisville and Nashville in violating the orders of the Southern Kailway and Steamship Association by doing business with a boycotted road, is still Nothing definite has been determined in the case, but many of the railroads of the association have, though their head omers, declared that the Louisville and Nashville ought to be expelled from the association. Will It Go Out!

ville ought to be expelled from the association.

The case is an interesting one. Not long ago the Southern Passenger Association, and Steamsnip Association, issued orders and Steamsnip Association, issued orders that the Cumberland Gap and Louisville railroad and the South Atlantic and Ohlo composing the association. It is the sum of the south Atlantic and Ohlo composing the association. The order was sent out in the usual form and went to all the authorities of the lines of the southern Railway and Steam-The Louisville and Nashville continued to do business with the boycotted roads and was fined for the violation of the rules and agreements of the association. This did Nashville, so far as is known, is continuing to transgress the laws.

It is an interesting question just now whether the Louisville and Nashville will be expelled or not.

A Iew days ago it was rumored around among railroad inch was runored around and to the to be a sum of the sum of the

be expelled or not.

A rew days ago it was rumored around among railroad men that the road will but hat it would pull out of its own voiltout. It is said that the authorities of the knuckling down to the orders of the compatibility of the said that the authorities of the knuckling down to the orders of the compatibility of the southern Passenger Association, though nothing to this effect has been received in the way of official information at the headquarters of the association. The opinion is expressed by the authorities there that the Louisville and Nashville will not pull out of the association, but the rules and regulations of the association into pull out of the association but the rules and regulations of the association into pull out of the association but the rules and regulations of the sasociation into pull out of the association but the rules and regulations of the sasociation and the hope of railroad men who are friendly with the hope of railroad men who are friendly with the Louisville and Nashville, continue such behavior.

The Mardi Gras Traffic.

The Mardi Gras Traffic.

The travel to the mardi gras this season has been greater, according to the statements of the railroad passenger agents, than it ever was before.

They all say that the railroads have picked up quite an increase in traffic to the crescent City and that the people come from all quarters of the country.

Lis strange that most of the traffic is from the northern states. There was a crites of the east and the northwest sent more people to see the mardi gras than ever before. The Mardi Gras Traffle.

A Florida Potato.

Mr. G. W. Hammock, of Fargo, Fla., has favored The Constitution with a giant sweet potato, weighing twenty-three and a half pounds. It is the king of the whole potato kingdom, and it is impossible to look at it without understanding the immense possibilities of Florida in the line of truck farming. Any section that can bring twenty-three-and-a-half-pound sweet potatoes to the front is rich in its potentialities.

# MARRIAGE BELLS.

The Last of the Ante-Lenten Ceremonies Yesterday.

THE NEWS AND GOSSIA OF SOCIETY Items of Interest About People You Know-Personal and Social Notes and News.

One of the most brilliant and tasteful church weddings ever witnessed in the city church weddings ever withessed in the city was that at which Bishop Nelson united in the holy bonds of matrimony Mr. M. L. McGill and Miss Ida Goldsmith. The man riage occurred last evening at St. Luke's cathedral, and was witnessed by a large and fashionable assemblage of friends and relatives. The altar about which many white tapers were used was charmingly ar-

ranged with palms and white roses. The bridal party entered to the grand strains of the wedding march played by Murm's orchestra. The ushers were: Messrs George J. Bradley, Eugene Harde-man, John J. Griffin and George W. Bogman. The attendants were: Messrs. Tayloe, Lewman of Louisville, Effiott, Messick, Rusell and Hugh Martin. Bridesmaids: Misses Annie Goldsmith, Lillian Dent of Newnan, Mrs. Ramey, Misses. Lucy Harris, Louise Goldsmith and Minnie Tripod. The bride and her maid of honor, Miss

Goldsmith, were preceded by two pret-little flower girls, Miss Su-Goldsmith and Miss Frances Joe Dent, who wore quaint, short-waisted cos-tumes and carried baskets of white roses. The groom met the bride at the altar with his best man, Mr. McCowan, of Bainbridge. It was a most lovely bridal party and the bridesmaids were all particularly pretty and most daintily and becomingly dressed in white organdles, made over satin and trimmed with white satin ribbon, while big sat-in sleeves gave the finishing touch to the They carried big bouquets of Marechal Niel roses. Miss Jean Goldsmith, the

pretty maid of honor, wore an elegant and becoming gown of white, moire, made with simple grace, and she also carried Marechal Niel roses. The bride, who is a remarkably bandsome girl with a tall, willowy figure, was a most poetic and picturesque vision in her wedding raiment. Her gown was of heavy ivory white satin, simply made with a train and the bodice had big sleeves and a deep bertha of duchesse lace. Her veil was pinned on to her Titian tresses with pearl pins, and she carried a big bouquet of bride After the ceremony, which was performed

with such stately and impressive eloquence by Bishop Nelson, the bridal party were entertained at an elegant reception at the residence of the bride's parents, in the

There the pretty apartments were grace fully arranged with palms, bamboo and ferns. In the drawing room many vases of roses added their grace to the greenery.

In the room back of this the presents, which were many and very handsome, were

arranged, and punch was served in the hall beneath the stairway, twined with bamboo. A delicious and elaborate supper was served on the upper floor. At 11 o'clock Mr. and Mrs. McGill bade adieu to their friends, and departed for their wedding journey, followed by the warm good wishes of all who know them. Miss Goldsmith has been very popular here as an unmarried lady, and her beauty of face and figure and her really sweet womanly nature, deserve all the admiration which she has received. She is the eldest daughter of Mr. James M. Goldsmith, who is a worthy

representative of his well-known and highly respected family, and on her mother's side she is the granddaughter of the late Congressman Francis Joe Dent, who was one of the leading and most brilliant statesmen of his day.

Mr. McGill is one of the most prominent young railroad men in this city. As secretary of the Southern Railroad and Steamship Association he has won for himself a

splendid business reputation. He is very popular and attractive socially and deserves all the happiness that is his in winning such a bride.

A home wedding that for beauty and elegance has never been excelled in this city was that which united Miss Mary Belle Pendleton and Mr. Edward Clifford Stewart at the home of the bride's parents on Capi-tol avenue last evening.

The apartments proved in their decora-

tions the refinement of taste which belongs alone to inborn elegance. The hallway, with its winding stairs, its stained windows and cherry fireplace, made an especially delightful impression upon entering the man-

supreb pink and white azaleas in full bloom and the pots were hidden by bamboo and smilax arranged with dainty grace upon the mantel. The stairway was twined with evergreens, bamboo vine and the same lythe greenery formed a fringe upon the terra cotta wall. In the drawing room, where the ceremony was performed beneath an archway of bamboo, the decorations were all in white hyacinths and nephitus roses. The mantel shelf was entirely covered with growing hyacinths, whose pure waxen bells wung like alabaster incense lamps

above their emerald leaves.

These flowers were really superb specimens of their kind, as were the handsome pink azaleas that formed great bouquets of color upon the mantel in the adjoining apartment. This room, turned into one by the arched doorway, was entirely adorned in pink, many roses and azaleas being used upon the tables and bookcases.
Against this glowing backbround of color the bridal party formed a most effective and pretty picture. The archway was closed by pink satin ribbon which was removed when they entered. Mr. Will Pope and Mr.

Boykin Thurman acted as ushers. The groom entered with his best man, Mr. Cleveland Wilcoxon, and the bride came with her maid of honor. Miss Kate Pendle-Dr. McDonald performed the ceremoby with that sincere and solemn grace which is his alone. The bride's graceful, brunette style of beauty possessed that parkling and expressive characteristic which finds a most charming setting in the

Abrilliant afternoon reception was tendered to the University of Virginia Glee Club Monday at the Capital City Club. The reception was held from 4 to 6 o'clock. Punch was served, and dancing was enjoyed dur-ing the entire afternoon in the beautiful taliroom to the strains of delightful mu-sic. The chaperons on the occasion were: Mrs. Clarence Knowles, Mrs. Samuel Inman, Mrs. Ohl. Mr. and Mrs. Carroll Payne, Mr. and Mrs. Archibald Davis, Mr. Frank Block, Mr. Alex Hull, Mr. Robert Maddox, Mr. Henry Inman and others assisted in re ceiving and introducing the guests.

great many young ladies attended. Among them were Misses Virginia Arnold, Iza Glenn, Alline Stocking, Gussle Grady, Blanca Czapsky, Annie Speer, Eugenia Speer, Moran, Dessa Dougherty, Lucy Dougherty, Crouse, of Akron, O.; Sargent, of New Haven, Annie Wallace, Lollie Hammond, Bruce, DuBose of Sparta, Jim Wylie, Sallie Hunnicutt, Hillyer and others.

Miss DuBose, of Sparta, is the guest of Miss Hillyer at her home on Crew street. Miss DuBose is one of the handsomest young girls in Georgia and she has made her debut this season.

Nothing is more becoming to the average figure than a plain skirt of black satin. It is the acme of smartness, and the shimmer-ing, dark-color, and long, plain lines which

rom Paris come large pieces of geraniumcolored velvet specially suitable for the new and gigantic seeves. They are worked all over in a sort of lightning fashion, with big disks of jet here and there to give force to the design. This magnificent embroidery is to be used as sleeves to an opera cloak of black velvet trimmed with jet. An apricot satin evening gown, changing into plak, the two combined forming a deep orange tone, was made with pointed panniers on each side, trimmed with fur and lace. The bodice had a long point which fell between these panniers, and a wide box plait fitted into the hollow of the back, the bodice itself being bordered with a ruche. There itself being bordered with a ruche. There is no doubt that as the season advances we shall see several materials introduced into one skirt; panels are now let in, and also pointed pieces at the side breadths.

The new grade of swivel silks will be in great use for stylish spring costumes. They are of handsome quality, they quickly shed dust, do not wrinkle, and are warranted

absolutely fast color.

A new beautiful watered silk shows a chine ground of shadowy pinkish mother of pearl, with pompadour figures of shaded pink roses and shaded green leaves.

The revived Louis XV style of evening from in Paris introduced because the second colors. dress in Paris introduces brocade moires for the pointed bodice and pannier over-dress, with full elbow sleeves, Valois col-lar, and underskirt of plain satin or velvet.

Washington, February 6 .- (Special.)-Mrs. Smith gave a luncheon yesterday in hono of Mrs. Cleveland. There were seventy-five ladies present and all of them were from the south execpt the wives of the cabinet officers. The luncheon was served on small tables arranged in three communicating rooms on the second floor of the Smith residence. Each table had a center piece of different colored flowers made into corsage bouquets that were afterwards distributed among the ladies. A five-course luncheon was served, and during its progress a mandolin orchestra played. The ladies present were:

Mrs. Blackburn, Mrs. Faulkner, Mrs. Sayers, Miss May Hull, Miss Brent Whiteside, Mrs. Henry Jackson, sister of the hostess, Miss Mildred Cabaniss and Miss Willie Peck, all of Georgia; Mrs. Moorehead, Mrs. John Gill and Mrs. Victor Smith, of Baltimore; Mrs. N. C. Blanchard, Mrs. Barry, Mrs. Brice, Mrs. Enloe, Mrs. Jones, Miss Martin, Mrs. C. R. Breckinridge, Mrs. Cabell, Mrs. Carlisle, Mrs. Ward, Mrs. Bate, Mrs. Pugh, Mrs. Cooper, Mrs. Phinizy, of Georgia; Mrs Black, Mrs. Ben Hill, Mrs. De Graffenried Hunton, Mrs. Gresnam, Mrs. Fuller, Mrs. Mills, Mrs. McKim, Mrs. McCleary, Mrs. Stakely, Mrs. Daniel, Mrs. Dixon, Mrs. Call, Mrs. Tom L. Johnson, Mrs. C. C. Bassett, Mrs. Caffrey, Mrs. Cabaniss, Mrs. Lamont, Mrs. Butler, Mrs. Lossing, Mrs. James Wilson, Mrs. Robinson, Mrs. Thurber, Mrs. Lindsy, Mrs. Lester and Mrs. Jackson. The entire house was handsomely decorated with blooming marguerites, acacia bushes, white hyacinths and camelias.

Savannah, Ga., February 6 .- (Special.)-The marriage of Miss Bertha Irene Rosenheim, of this city, to Mr. Sidney B. Rosenbaum, of Richmond, at the Mickva Israel synagogue at 5:30 o'clock this afternoon was one of the most brilliant events of the season. A large number of guests from a distance were in attendance, among whom were Mr. and Mrs. J. H. Hirsch, or Atlanta. After the wedding an elegant supper was given at the DeSoto hotel, followed by a reception at which two hundred guests were present.

St. Augustine, Fla., February 6 .- (Special.) At the last pre-Lenten dance of the Ponce de Leon hotel tonight about 400 participated, guests from many of the leading hotels in other Florida cities being present by invi-tation. Among the many elegantly gowned adies who participated in the dance the citles of Philadelphia, Chicago, Cincinnati and Atlanta were well represented.

Harlem, Ga., February 6.—(Special.)—At the residence of the bride's father, Mr. J. T. Lamkin, occurred yesterday at 10 o'clock the marriage of Mr. George Bennett and Miss Bertha, the third daughter of Mr. and Mrs. J. T. Lamkin. Mrs. J. T. Lamkin.

After the marriage Mr. and Mrs. Bennett left for Washington, D. C., their future

CHICAGO AND ST. LOUIS.

# TO BE ELECTED.

Several Directors of the Young Men's Christian Association.

A TICKET HAS BEEN NOMINATED

It Is Now in the Hands of the Membership—The Board No Longer Self-Elected—The Anniversary.

A number of directors will be elected by mass meeting of the Young Men's Chris an Association tomorrow evening. Heretofore all vacanices on the board have been supplied by its own election. Re-cently, however, an amendment was pro-posed to the constitution and ratified by the association, taking this power out of the hands of the board and placing it in those of the association.

The reason assigned for this important measure, as stated by the author of the resolution, is to bring the board more directly in touch with the association.

Who Have Been Nominated. At the last regular meeting, which was held in January, a number of names were proposed for membership.

There were nine of these so proposed, the erms of six of the directors expiring by

ilimitation, and three by resignations sent in to the board.

The ticket nominated, and the only one in the field, is as follows: John K. Ottiey, W. H. Patterson and S. B. Turman, all of whom are members of the present board; Centain F. S. Gay, who was a member. Captain E. S. Gay, who was a member several years ago; Captain J. C. Haskell, Judge E. C. Kontz, Mr. H. L. Culberson, Mr. J. A. Hynds and Mr. A. F. Cooledge. Those who go out of office, by the explration of their terms, are Messrs, W. Woods White, W., H. Burton, John K. Ottley, W. H. Patterson, Albert Howell and S. B.

Turman.
Of this number Mr. W. Woods White, who has been a life-long friend of the association, Colonel Albert Howell and Mr. W. H. Burton were not renominated.

As soon as the election takes place, or as soon thereafter as possible, there will be a meeting of the board for the purpose of perfecting a new organization.

Next Sunday the Anniversary. The anniversary of the Young Men's Chirstian Association will be observed next Sun-

day. As usual, in all of the churches of the city, interesting exercises will be held under the auspices of the association. The work of the year will be reviewed, a number of eloquent speeches will be delivered, and the occasion will be thoroughly enjoyed. According to the various reports of the different committees the present year has been one of very great prosperity to the as-sociation, in spite of the stringency and financial depression.

WALKS AND TALKS.

It should be remembered that that great cculist, Dr. J. Harvey Moore, opens his offices this morning at 10 o'clock at 203, 204 Kiser building, and that the first case of cross-eyes calling on him will be straightened by his "painless method" free of charge. The doctor comes here highly recommended by all the Georgia papers. ...r. Edgar F. Hinton, a prominent young

lawyer of Americus, is in the city on busi-Mr. J. R. Williams, a well known lawyer of Ellaville, is one of the Kimball's guests.

HER LIFE AND ROMANCE ENDED. Mrs. Thomas Smales Carried a Bull in Her Skull Until She Died.

From The New York Herald. Mrs. Thomas Smales died at Orange, N., on Saturday, She was shot in the head nearly life and carried the builet in her skull to her deathbed. Her life was eventful, and marked by a determination and un faltering endeavor that made her in many respects an exceptional character.

She was Miss Frances Dayton, of Virginia and she boasted she was one of the "F. F.

Vis." He, parents were wealthy. When only five years old her mother died and a few years later her father married again. The stepmother did not take kindly to the child, and after a short time Frances was sent north to be educated at "The Gunnery," then, as now, a celebrated school in Wash ington, Conn. Here she grew to be a ra-

diantly beautiful girl.

Admirers were not wanting, and among them was Thomas Smales. Vows were exchanged, and the young folks vowed to be faithful until death. One of Frances's ardent admirers was a young southern lad. She re-pulsed him over and over again, but he wasn't discouraged.

Shot Her in the Head. He invited her out for a walk one afterand when they reached a secluded spot he once more asked her to become his wife. She again rejected his suit.
"If you will not accept me you shall die," he cried. "No other man shall call you bride."

He drew a revolver. The young girl screamed and started to fiee, but he fired. She fell to the ground. The young man's desperation turned to fright, and he brought aid. The bullet had struck Frances just behind and above the left ear. All attempts to locate and extract it were futile. For weeks she lay between life and death, and at last slowly came back to safety once more. Her left side, however, remained partly paralyzed. Full of pluck, she resolved to finish her course at the school and did so graduating with the school, and did so, graduating with

the scroot, and do so, graduating with high honors.

Then she went to pay a visit to Mrs. Amela C. Bird, of Orange, N. J., a lifelong friend. While there she determined to study medicine in order to treat herself. The bullet in her head still gave her great

Her physicians discouraged her, but she Her physicians discouraged her, but she insisted. Then the thought occurred to her that perhaps the electrical sparks that telegraph operators constantly receive might be utilized as curative agents. She said to her doctor: "If I work for a year in a telegraph office will you then believe I can study medicine successfully?" The reply was "Yes." Accordingly she entered the Western Union office in Orange and worked at the key for a year. She

entered the Western Union office in Orange and worked at the key for a year. She then matriculated at the Woman's Medical college of the New York infirmary, and took the full course, graduating with honors, in 1876. During her examinations she broke down physically and some of them she passed through while lying in her bed. Again this plucky woman determined to go still onward. She went to Berlin, Germany, where she passed a graduation examination, and then went to London, England, to practice.

All this time her early love had been true to her. His family removed to Australia, but he kept up a constant correspondence with her. At last, with a small capital, he returned to the United States and established himself in the photographic business in Brunswick, Ga. Here he prospered so that in a few years he was in a position to claim his bride. A loving message crossed the sea, the young doctor sailed for this country and the two were married in 1882.

Taking up life in Brunswick Ga., Mrs. Smales threw herself heart and soul into charitable work. It was through her ef-

## MANY WEARY MOTHERS.

TIRED WOMEN WHOSE NERVOUS ENERGY IS NOT ENOUGH.

The Sense of Exhaustion That Paine's Celery Compound Readily and Permanently Cures-The Experience of Mrs. Butler as She Tells It.

There are many weary mothers and tired young women who never have enough nervous energy to carry them through the

day. A sense of exhaustion comes from protracted indoor labor, the absence of pure air and sunshine.

To meet the needs of these spendthrifts of nerve force and vitality, Paine's celery

MRS. E. D. BUTLER.

compound has been prepared. New strength, new life and new health comes to the whole system.

Paine's celery compound is the result of the lifelong study and experience of one of the ablest physicians of his day, Professor Edward E. Phelps, M. D., LL. D., of Dartmouth college.

His experience was one of the largest,

his scientific knowledge surpassed that of any practitioner of this generation. Professor Phelps first prescribed Paine's celery compound, the remedy that gives strength to the weak, that makes the sick to be well, that gives food to the nerves, that enriches impoverished blood, that cures rheumatism, kidney complaints, liver troubles, and all diseases that arise from an impaired nervous system, the remedy that is imcomparably the greatest in the

world Thousands it has made well. Here is what Mrs. E. D. Butler, of Cleveland, O.,

"I have used Paine's celery compound for headache and it gives immediate relief. I had used several kinds of headache drops and powders, and at last tried Paine's celery compound which helped me at once I think it is the best remedy for the nerves I ever tried, and I have used several

About a year ago her health failed and she came north to board with her old friend, Mrs. Bird. She failed steadily and last week was taken with convulsions. Dr. T. U. Gray was called in and he could do nothing to relieve her. The old bullet in her head still troubled her and it is supposed that this aggravated her paralytic symptoms and caused heart failure. She died suddenly on Saturday afternoon. Her husband reached

her bedside some time before the end.
All ther life long she had a horror of being buried alive and when she died her husband refused to believe that she was dead and insisted that she was in a trance. County Physician Elliott was summone County Physician Elliott was summoned and wanted to perform an autopsy, but the bereaved husband refused to allow it. The funeral will be held in Mrs. Bird's house in Center street, Orange, this afternoon at 3 o'clock. The Rev. Alexander Mann, of Grace Episcopal church, which Mrs. Smales attended, will officiate and the interment will be made in Rosedale cemetery.

FOR BREACH OF PROMISE.

There Will Be an Imaginary Suit Tried at the Y. M. C. A. At the Young Men's Christian Association, next Thursday evening, a very unusual en-tertainment will be given under the au-plees of the Young Men's Saturday Night Club.

It will be a breach of promise suit car-It will be a breach of promise suit carried on as if it was really a case before the civil court. A trial of this kind is one in which everybody will be interested.

A number of Atlanta's prominent insurance men will appear as parties defendant in the suit, and a well-known society favorite will figure as the plaintiff. A court of justice, in all of its details, will be fully organized, and the trial will be conducted by eight well-known attorneys, who will represent the different sides of the issue. The general price of admission is 25 cents, which amount will be doubled for reserved seats. Tickets can be secured from the jewelry store of J. R. Watts & Co, 57 Whitehall street.

Peritive economy, peculiar merit and won-derful medicine power are all combined in Hcod's Sarsaparilla. Try it. Hood's cures. That tired, languid feeling and dull head-ache is very disagreeable. Take two of Carter's Little Liver Pills before retiring and you will find relief. They never fail to do good.

# LIKE A MAN.

His Reduced Sentence.

TEN INDICTMENTS ARE NOL PROSSED

Por Pive Years the Ubiquitous Harry Will Wear the Striped Garb-He May Be a Conductor.

Again the Hill case has forced itself to the front with another sensational turn, the result of which is that Harry Hill withdraws his notice of a motion for a new trial, accepts a sentence of five years in the penitentiary, and secures the nol. pros. of the ten other indictments against him. The events leading up to this are of pe culiar interest, and in the light of past occurrences appear rather peculiar, to say

When the notice that a motion for new trial was made the name of Mr. H. B. Moss appeared as Hill's attorney. It seems that in the time between the verdict of guilty and the sentencing of Hill he and Tolleson had made friends, and that it was the little banker who furnished the money necessary to preserve the rights of his ancient enemy. It must be borne in mind that it was Mr. J. R. Toileson that kept Harry on the move and made vigorous efforts to bring him back to Atlanta for a

However, on yesterday Mr. Wellborn Hill, Mrs. Ida H.Casey, Harry's aunt, and Colonel Rucker went to the jail where they were closeted with the prisoner. The outcome of the conference was that Harry signed a note authorizing the judge to dismiss the motion for a new trial. The concession was that the other cases should be nolprossed and the sentence reduced to five years. Hardly had this move been made known when some one wrote a note to Tolleson and told him what had occurred, and he made all haste to the jail. He arrived there just as Mr. Wellborn Hill was preparing to leave. Mr. Tolleson asked for admittance, but Deputy Sheriff Hill told him that he (Harry) did not want to see him and gave orders that he was not to be shown

An order was taken nol. prossing the other indictments and reducing the sentence to

the time mentioned. Where Harry May Go.

It is more than likely that Harry Hill will be sent to the convict farm of Captain Bill Smith, in Oglethorpe county. If he is he will receive royal good treatment, as Captain Smith is a friend of the Hill family. A feature about the farm is the railroad of Captain Smith. It is sixteen miles in length, running from the Georgia, Carolina and Northern to the branch of the Athens road. There is but one engine to the road, which he are approximately the contract of the captain the state of the road, which he are approximately the state of the road, which has a passenger coach. In view of the fact that Harry has had some experi-ence in railroad schedules and passenger service, it would not be out of place if he were put in a dapper convict suit, cut a la Georgia road conductor, and given charge

From another source it comes that Mr G. V. Gress has applied for Harry and that he will play even with Lord Beresford. It is not known what standing Harry would have in convict society as delineated by Beresford. Hill may leave for one camp before the week is out. Good behavior will reduce his sentence ten months.

They Represented Harry. Mr. Ben Hill and Mr. Rucker represented Harry Hill in the withdrawal of the notice of the motion for a new trial. They had not left his case but appeared in court yesterday and asked Judge Clark to dismiss the other cases and reduce the sentence from seven to five years. In view of this conces-sion the motion for a new trial was with-drawn. Messrs. Hill and Rucker were there in person, as were Mrs. Casey and Mr. L. J. and A. W. Hill. The case took the turn it finally did on the advice of Messrs. Hill and Rucker as Harry Hill's attorneys.

### TO ADVERTISE GEORGIA.

A Proposition for the State to Join the Railronds in Advertising. A suggestion has been received by the governor that in view of the hard times it would be well for the state to come to the sources, as the railroads have been forced to cut down their efforts in this direction by the hard times. The idea is for the

state to have printed a large amount of advertising matter in the way of circulars, pamphlets, etc., showing the many advant-ages of climate and soil of this section. ages of climate and soil of this section. This the railroads will take and distribute through all their agencies in a most advantageous manner. The suggestion is heartily approved by all, but as there is no appropriation of the state's money which could be devoted to this purpose, it cannot be undertaken just at the present moment. The idea will doubtless grow, however, and may result in much good.

A Tour of Jamaica.

A Tour of Jamaica.

A Tour of Jamaica.

The success which attended the running of tours to and through Jamaica by the Plant steamship line last year has encouraged them to announce three tours during February and March of this year. The first ship will leave Port Tampa on February 17th. The passage from Port Tampa will be \$80, which includes hotel bill, carriage hire and railroad fare while on the island of Jamaica. These tours will, of course, be run in connection with the East Tennessee. Virginia and Georgia railway, which is the direct connection of the Plant system of railroads and steamship lines.

Governor R. B. Bullock, Judge Hopkins and several other Atlanta people went over last year and expressed themselves as delighted with the trip. President H. B. Plant will make the trip on the first ship of this season, February 17th.

Detailed information regarding these tours can be had by calling on Mr. E. E. Kirby, city ticket agent of the East Tennessee. Virginia and Georgia railway, corner Kimball house, Atlanta, Ga.

The Belmont.
